PART I.

No. R. 9437-9—L. R. 351-15-4, dated 5th April 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read :

Government Orders Nos. R. 3203-212, 3990-9 and 6437-8—L. R. 460-12-2, dated 26th April 1904, 17th June 1904, and 6th May 1913, respectively, in regard to the issue of messages of warning to certain officers of the Madras Presidency in the event of apprehended breaching of certain tanks in the Palar Basin.

2. Letter No. 304, dated 22nd January 1916, from the Deputy Commissioner, Kolar District, soliciting instructions on the communications from the Collector of North Arcot, requesting that such messages may be sent to the marginally noted officers also in addition to the four officers named below to whom such messages are now sent under the existing orders :—

1. Sub-Magistrate, Ambur.
2. Deputy Collector, Ranipet.
3. Tahsildar of Wallajah
4. Do Gudiyatam.
5. Do Vellore.
6. Do Arkonam.
7. Do Ambur.

(1) Collector of North Arcot.
(2) Deputy Tahsildar, Vaniyambadi.
(3) Chairman, Municipal Council, Vaniyambadi.
(4) Deputy Thasildar, Kuppam.

3. Letter No. 1862, dated 16th March 1916, from the First Assistant to the Hon'ble the Resident in Mysore, stating that the Government of Madras consider it necessary to warn direct all the officers named by the Collector of North Arcot.

Order No. R. 9437-9—L. R. 351-15-4, dated 5th April 1916.

Government direct that the additional officers named by the Collector of North Arcot be included in the list of officers to whom messages of warning have to be given in cases of apprehended danger to tanks in the Palar Basin.

2. The Revenue Commissioner and the Chief Engineer of Mysore are requested to issue needful instructions to the officers of their respective Departments.

V. R. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Chief Engineer of Mysore.
The Deputy Commissioner, Kolar District.

Exd.—C. R.

No. R. 9480-91—L. R. 15-15-143, DATED 6TH APRIL 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 11936, dated the 9th March 1916, from the Revenue Commissioner in Mysore, submitting reports of progress in the working of the Village Improvement Scheme in the several districts during the quarter ending 31st December 1915, received from the Deputy Commissioners of Districts together with a copy of his review thereon.

Order No. R. 9480-91—L. R. 15-15-143, dated 6th April 1916.

A consolidated statement showing the progress of village improvement work in all the districts during the quarter ended 31st December 1915 is appended.

2. *Village Committees.*—The total number of Committees reported to be working in the several districts during the quarter was 8,193 as against 7,934 in the previous quarter, the difference being due to the rise in the number of Committees in the Kolar, Tumkur, Mysore, Hassan and Chitaldrug Districts. The number of Committees in the other districts remained stationary.

The number of villages served by the Committees rose to 14,086, which brings 83 per cent of the populated villages in the State under the operation of the scheme as against 81 in the previous quarter.

3. The Deputy Commissioner, Bangalore District, has not furnished information regarding the number of villages in the several taluks of the district for which Committees have yet to be formed, nor has he sent up a review of the progress in the district as required by Government in their Order No. R. 1816-27—L. R. 10-14-194, dated 10th August 1914. This omission should be avoided in future.

4. *Essential duties under the scheme.*—During this quarter 3,740 Committees held weekly meetings of villagers for carrying out ordinary improvement works by joint labour as against 3,388 in the previous quarter. The number of such active Committees is greatest in the districts of Bangalore, Kolar, Tumkur and Chitaldrug, where they come up to a little over 50 per cent of the total number of Committees in existence. There is still scope therefore for a good deal of improvement in this direction. The Deputy Commissioner, Kadur District, explains that the villagers could not conveniently attend to this duty as they were engaged in gathering harvests during the period; but this reason, it may be observed, is common to all the districts. Government believe that with more sympathetic guidance and active co-operation on the part of the local officers the number of actively useful Committees could be greatly increased.

5. The Committees that subscribed for one or more newspapers and those that held weekly meetings for recreation and instruction were 3,403 and 2,540 as against 3,016 and 2,327 in the previous quarter. Government are glad that there has been steady progress in this respect.

6. *Special Village Improvement Works.*—The total number of Committees that have carried out special improvement works is 1,091 in all the districts as against 936 in the previous quarter. The cost of such works undertaken during the quarter in all the districts, except Kadur, was Rs. 73,539, of which the peoples' contribution amounted to Rs. 39,653, the balance having been sanctioned by Government as grants-in-aid. The amount actually spent in executing the works during the quarter was Rs. 18,253.

No. R. 9480-91—L. R. 15-15-143, dated 6th April 1916.

7. The delay in the submission of the District reports is not satisfactory. Government trust that these reports will in future be submitted punctually.

V. B. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts,
The Comptroller to Government.
The Secretary, Economic Conference.
The Registrar of Co-operative Societies.

xd.—C. B.

No. R. 9480-91—L. R. 15-15-143, DATED 6TH APRIL 1916.

No. R. 9859-908—L. R. 15-15-154, dated 24th April 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. R. 9859-908—L. R. 15-15-154, dated 24th April 1916.

A number of villages were inspected in the months of December 1915 and February 1916; and twenty of them, as detailed in the margin, were examined more or less minutely, with a view to ascertain how the scheme of Village Improvement was working, what practical difficulties existed and how such difficulties might be removed.

Tumkur District.		
Tumkur Taluk	...	Hebbur.
Kunigal Taluk	...	Amitur.
		Hosakere.
		Nidasale.
		Sante Mavathur.
		Yeliyur.
Hassan District.		
Channarayapatna Taluk	...	Hirisave.
		Kirisave.
Mysore District.		
Mysore Taluk	...	Varuna.
		Varakodu.
		Yelwal.
Nanjangud Taluk	...	Kowlanda.
		Devarsanhalli.
		Devanur.
Yedatore Taluk	...	Tippur
		Chandagal.
Seringapatam Taluk	...	Belagola.
Mandya Taluk	...	Volgarahalli.
Nagamangala Taluk	...	Bellur.
		Nagarthihalli.

With the object of examining the working of the Committees in their normal state, the inspections were carried out practically without previous notice.

The detailed notes of inspection of the twenty villages, referred to, have been communicated separately to the officers concerned.

2. *Work done.*—In nearly every one of the twenty villages inspected, some sanitary or other improvement work had been attempted, the amount of interest taken depending on the activity of local officers, the capacity for co-operation and the general level of education in the village.

Some attention had been paid to keep the interior of the villages clean, but the outskirts or immediate surroundings had not received much attention. The roads and the neighbourhood of most houses were kept clean. Attempts had been made to clear lantana and undergrowth. Many existing cart-tracks had been improved and new ones constructed. Collections are being made in some places for a village fund to remain in the custody of the people and to be expended by them for the benefit of the village. Newspapers are being largely subscribed for and schools and reading rooms are springing up rapidly.

3. *Extent to which orders under the Village Improvement Scheme are being observed.*—Improvement Committees have been formed in most of the villages inspected. In some, they were in existence for over a year.

In many villages it was noticed that weekly meetings were not being regularly held, and in some they were suspended on account of plague or the harvesting season, or other excuse. But the introduction of the scheme has had this effect. The villagers have begun to think of their wants in regard to education, village extension, water-supply, etc., and to feel a sense of responsibility for the public good.

4. There is some misconception as regards the functions of Village Committees in Union villages. It is necessary to make it clear that the *Union Panchayet* should attend to the ordinary administrative work, *viz.*, sanitation, lighting and other duties specified in the Local Boards Regulation, while all other work coming within the scope of the Village Improvement Scheme should receive the attention of the *Village Improvement Committee.*

No. R. 9859-908—L. R. 15-15-154, DATED 24TH APRIL 1916.

5. *Wants of the villages.*—The wants of the villages inspected may be brought under four or five distinct heads, as under :—

(1) Village sites require extension.
(2) Tank weirs require raising.
(3) In places people suffer from lack of occupation.
(4) Some villages suffer from scarcity of drinking water.
(5) Many villages have no approach roads.

6. Government desire that the villages enumerated in paragraph 1 above be inspected in detail by the officers in charge of the Revenue Sub-Divisions concerned to enable them to prepare a correct list of works and improvements required for each village. A programme should be drawn up for each and the more important works carried out as rapidly as possible. Copies of the programmes may be forwarded to Government and a report submitted after the works included in the programme for each village are carried out.

In most cases, the requisite funds will be available from the various sources from which such works are usually carried out. The Deputy Commissioners will decide the source from which funds should be obtained for any particular work and if any specific sanction is needed, they may apply to Government in proper time

7. Government will be glad if the Deputy Commissioners of Districts can arrange to maintain, in the Taluk Offices, lists of the main wants of all the villages in a taluk. During the inspections referred to above, it was noticed that some Amildars maintained a book of foolscap size for Village Improvement work with a page set apart for each village. On the pages so set apart were noted the main wants of the village as ascertained either by personal inspection, or from reports.

8. With a view to ensure uniformity of practice and to guide the Village Committees to direct their activities to useful channels, the following publications will be helpful :—

(i) A *circular* defining the primary or obligatory duties to be performed and works to be executed, in every village or group of villages for which there is a Committee, and indicating, separately, the optional duties of the Committee. Every Village Committee should attend to the former, and the more advanced villages may also take up as many of the latter duties as possible according to their capacity, inclination and resources.

(ii) A *Manual*, printed both in English and Kanarese, containing—classified under appropriate heads—all the orders on the Village Improvement Scheme, issued from time to time, commencing with Government Order No. 6058-6107—L. R. 430-13-1, dated 6th February 1914. In the Kanarese edition, a short summary will be given, describing in easy popular language, the functions and responsibilities of the villagers, the Committees and the officials concerned.

(iii) *A printed list of questions* for the use of officers inspecting villages, to enable them to readily obtain a clear idea of the condition of the villages and the progress made under the scheme.

(iv) *A small book of model plans* for the village houses and a statement of village works and improvements with brief instructions to suggest ideas of reform and improvement to residents of rural areas generally.

9. The issue of the foregoing publications is, or will be, arranged for as under :—

(1) A circular succinctly indicating the obligatory and optional duties of Village Committees referred to in Clause (i) of paragraph 8 is herewith attached.

Kanarese copies of this circular should be freely distributed to all villages whether they have Committees or not. A copy should be maintained in every village and hamlet in the State.

(2) The General and Revenue Secretariat will prepare the Manual and the list of questions referred to, respectively, in clauses (ii) and (iii) of the same paragraph.

(3) The Chief Engineer should be requested to instruct the Sanitary Engineer to prepare a book of model plans. The plans should be prepared after studying models in foreign countries and consulting officers and leading public men possessing intimate knowledge of rural life in this State.

No. R. 9859-908 –L. R. 15-15-154, DATED 24TH APRIL 1916.

10. It is particularly requested that arrangements may be made to issue these publications, after obtaining the approval of Government, before 31st July 1916. Any sanctions needed to facilitate the work and to ensure their timely issue should be applied for without delay.

No. R. 9859-908—L. R. 15-15-154 DATED 24TH APRIL 1916.

CIRCULAR.

In Government Order No. R. 4197-505—L. R. 15-15-63, dated 4th November 1915, the Deputy Commissioners were requested to arrange, as far as possible, to bring every village and hamlet under the operation of the Village Improvement Scheme. The scheme has been in force now for about two years and it is found that much diversity of practice exists in giving effect to its provisions in the different districts of the State. Experience shows that even after making allowance for every variety of local conditions, some of the more important works and practices associated with the Village Improvement Scheme might be standardised with advantage. It is necessary to insist on the performance of certain primary duties by every existing Village Committee. The object of this circular is to specify these primary or obligatory duties of the Village Committees as distinguished from their optional functions. In this way, the essential primary duties which no village should do without, will be separated from the higher activities and duties which may be undertaken as the villages advance in education and enlightenment.

It may be stated that, in laying down these obligatory duties, no new works or duties not already included in previous Government orders or circulars have been added.

I. Primary or Obligatory Duties.

2. The following duties should be observed in every village or group of villages for which there is a Committee.

(1) *Weekly Half-day Labour.*

Once a week, usually every Monday morning, the villagers should meet and carry out urgent sanitary and other improvement works in the village by giving their labour for 4 or 5 hours (commencing from about 7 o'clock in the morning). Every house should give one labourer, or in lieu of personal labour, a contribution of half to one anna according to the circumstances of the family. Such a participation in the work of common benefit to the village should be regarded as a token of respectability and public spirit and the people should be taught to take a pride in contributing their share. A list of families who are for any reasons unable to pay their contribution and may be exempted should be maintained.

(2) *Weekly Meeting for Spreading Useful Information.*

A week day should be fixed for this work by the Deputy Commissioner for the taluk as a whole. The meeting should begin at about 5 o'clock in the evening and last for two or three hours. It should be utilised for reading newspapers, sanitation and village prosperity rules and for lectures and discussions and propaganda work. Some little time should be spent at every meeting in going over the principal wants of the village and examining the progress made in supplying the wants and removing defects and deficiencies.

(3) *Collecting a Village Fund.*

The funds raised in the village should, on an average, amount to not less than a rupee per annum per family residing in the village, in addition to the weekly labour and special contributions for supplementing Government grants or other special works. The money should be collected and spent by the Committees themselves.

(4) *Promoting Education and giving Instruction in some Industry or Industries Subsidiary to Agriculture.*

Not less than 10 children for every 100 persons of the population should be at school. The education of adults should be encouraged. The greater the number under instruction, the better. In advanced villages the number including adults should easily go up to 15 per 100.

(5) *Important Wants of the Village and Measures to supply the Same.*

A list of important wants, up to a dozen, should be maintained, arranged in order of importance, together with such information as may be available, as to funds, agency and time of completion. As already stated, this subject should

receive attention at the weekly meetings held for the purpose of spreading useful information.

(6) Maintenance of Books, Registers and Village Statistics.

The following documents should be maintained neat and correct :—

(i) Register of monthly record of progress.

(ii) Form of village statistics.

The Committee may also collect and maintain other useful information about the economic condition and wants of the village.

WEEKLY HALF-DAY LABOUR; WORK TO BE DONE.

8. The weekly half-day labour which should be one of the important functions of the Committees will be devoted, among other objects, to the following :—

(*a*) Maintenance of roads within the village with a hard surface, gravelled, if possible, with a rise in the middle and sloping at the sides. Provision should be made for drains to carry away rain water rapidly.

(*b*) All solid refuse, waste matter, dead leaves, etc., should be collected and deposited in dust bins or in special receptacles provided for the purpose instead of allowing them to lie scattered in the neighbourhood of dwelling houses and huts.

(*c*) All sullage water and sewage which at present escape into the earthen drains, and in some cases, into the middle of the street, should be collected in masonry cisterns or earthen pots or wooden tubs and arrangements made for their removal daily, twice a week, or once a week as the case may be, to the fields of the cultivators or, in any case, to a point outside the village. A number of house owners may combine and arrange for removal of sullage water by employing special labourers or carts. This is one of the matters in which a new departure is needed in the existing habits of the people.

(*d*) Pits and hollows within or immediately round the village should be gradually filled up and a surface slope provided so that rain water may escape freely into the natural water courses or tanks.

Whenever pits cannot be filled on account of the cost, they should be drained as far as possible.

(*e*) All scrub jungle and undergrowth both within and immediately round the village should be removed.

(*f*) A strip of ground, 100 to 300 feet wide, all round the village, should be kept free from evil smells, clean and attractive.

(*g*) All dilapidated houses and wells should be removed or closed, the owner being held responsible for the same.

(*h*) Wells and ponds which supply drinking water and their surroundings should be cleaned periodically.

(*i*) Existing step wells along roadside villages should be cleaned at least once a year and the water-supply maintained in a potable condition.

(*j*) Village chavadies, temples, places of recreation, village topes, etc., should be frequently repaired and the buildings lime-washed and maintained in a tidy condition.

(*k*) Every house in the village should be lime-washed once a year.

II. Higher Duties and Activities.

4. In addition to the obligatory items of work described above, there are three other classes of activities which may be profitably pursued in every village according to the capacity and opportunities of the people. They are :—

(i) Measures for improving and beautifying the village.

(ii) Measures for increasing the occupations, improving the earning power of the people and the economic condition of the village generally.

(iii) Measures for spreading useful information and enlightenment in the village.

The following works may be undertaken under class (i) :—

(*a*) New roads within the village and large new roads outside the village ;

(*b*) Culverts, bridges or crossings for nalas and channels ;

(*c*) Improvement of water-supply ;

(*d*) Improvement of drainage ;

(*e*) Construction of village chavadies, topes, etc.;

(*f*) Creating facilities for supply of fodder, fuel and other requirements ; and

(*g*) Any other special works required for the improvement of the village.

Under class (ii) attention should be devoted to the items noted below :—

(*a*) Increasing the number of boys' and girls' schools ;

(*b*) Providing conveniences for travellers;

(*c*) Maintaining estimates of production both from farm produce and from occupations ;

(*d*) Increasing production under agriculture by intensive cultivation and improved methods ;

(*e*) Improving banking facilities by means of Co-operative Societies and Village Savings Banks ;

(*f*) Improving rural industries ; and

(*g*) Starting special industries and promoting trade.

Under class (iii) may be included the following :—

(*a*) Organising lectures, shows, museums, fairs, etc. ;

(*b*) Demonstrating improved methods of production ;

(*c*) Sending young men to large centres of business for training ; and

(*d*) Maintaining boys from the village in taluk schools and elsewhere for secondary, higher and technical education.

5. The Deputy Commissioners should be requested to instruct the Amildars to enlist the willing sympathy and active co-operation of the villagers in these matters and to satisfy themselves that the primary duties, enumerated in paragraph 2 above, are attended to by every Village Committee within their jurisdiction. The District Officers should, during their inspections, devote some time to enquire whether the Village Committees are faithfully attending to the obligatory duties prescribed and to encourage them to take up also as many optional duties as they can.

6. The test of the success of the working of the Village Improvement Scheme, in any area, will be the number of Village Committees which have learnt to perform these obligatory functions, punctiliously, of their own free will. The extent to which the higher duties referred to in paragraph 4 receive attention in any village will be an index of its prosperity and enlightenment.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. R. 5724-34—L. R. 194-13-10, dated 31st December 1914, passing orders regarding the expansion of cultivation under the Marikanave Reservoir and directing that, in the case of the lands newly taken up for cultivation under the Reservoir, concession be shown in the shape of levy of only one-third of the land assessment and one-third of the water rate during the 1st year, two-third of such assessment and water rate during the 2nd year and full amount from the 3rd year onwards.

2. Letter No. 7055, dated 6th December 1915, from the Revenue Commissioner in Mysore, forwarding copy of communication from the Deputy Commissioner, Chitaldrug District, stating that some lands in Huvinahole village, Hiriyur Taluk, already in holding, have been brought under the block system of irrigation with effect from 1st July 1915, but that, as the village has not had till now the benefit of irrigation, some concession appears necessary in the matter of the levy of water rate, and recommending sanction to the proposal of the Deputy Commissioner to extend to such lands also the concessions sanctioned by Government Order of 31st December 1914, read above in respect of new lands taken up.

Order No. R. 9920-2—L. R. 444-15-2, dated 25th April 1916.

Sanctioned.

II *f*. Allowances to Deputy Rangers placed in charge of sandal koties.

Allowances to officers for temporarily holding charge of two districts when sanctioned.

III Scholarships.—To students deputed for study in the Imperial Forest College at Dehra Dun.

Do do at Coimbatore.

Do do in places outside India.

Travelling allowance to students referred to above.

Do do selected for local training previous to their deputation to Dehra Dun or Coimbatore.

IV *a*. 1. Travelling allowance of Conservator.

IV *a*. 2. Do do of Personal Assistant to Conservator.

IV *b*. Do do of officers of the Controlling staff, *i.e.*, Deputy, Assistant, Sub-Assistant Conservators and Probationers.

IV *c*. Do do of officer in charge of Forest Surveys.

IV *d*. Do do to the members of the Executive and protective staff including fixed horse allowances and Forest Surveyors also.

IV *e*. Do do to members of office establishments both permanent and temporary.

V. *a*. (1) General Charges for stationery of kinds not supplied by the Superintendent of Stationery for whatever work the stationery may be required.

(2) Special.—Pens, ink, pencils, nibs holders, tapes, country paper, gum, thread, bound books of country paper, note books of country paper when required for use of the subordinates and not supplied by the Stationery Depot.

Carriage of stationery articles.

V *b*. Official postage including registration and insurance of letters and parcels and payments on "bearing" letters and parcels. (But not carriage of parcels conveyed otherwise than by post).

Telegraph charges.

V *c*. Carriage of tents furniture and records.

No. R. 9374-83—Ft. 54-14-9, dated 4th April 1916.

V *d*. Rents, rates and taxes account of office or other buildings use for Government purposes.

V *e*. (i) *General.*—All expenditure under "B. Establishments" not chargeable under other heads or sub-heads.

(ii) *Special.*—Repairs of tents and apparatus belong thereto and of camp office furniture. Repair of office furniture.

Repairs of stores, tools and plant for office use.

Carriage of parcels otherwise than by post, and when not chargeable to other heads.

Lighting office.

Sweeping office.

Dusters for office use.

Making and repairs of punkas.

Binding and preserving books and office records.

Mounting maps.

Bastas for records.

Purchase and carriage of books and maps.

Printed forms.

Permit books and forms.

Tin-map cases.

State telegrams.

Rubber stamps.

Seals.

Purchase of mats and chicks for office and rest-houses.

Purchase of Railway time tables, postal and telegraph guides.

Medicines for office and executive staff.

Commission on money orders.

Carriage of furniture to inspection lodges and other forest buildings.

Carriage of money from or to treasuries.

C. Game preserves staff—

1. Salary (including acting allowance) of the Officer in charge of Game Preserves.
2. Local allowance to do do
3. Salaries (including allowances) of the Game Preserves establishment *i.e.*, office establishment, Game Supervisors and watchers.
4. Travelling allowance to Game Preserves Officer.
5. Do do to the establishment.
6. Rewards to Game Preserves establishment.
7. Charges on account of contingencies—
   - (*a*) Stationery.
   - (*b*) Postage and telegraph charges.
   - (*c*) Tour charges.
   - (*d*) Rents, rates and taxes.
   - (*e*) Sundries.

Report of Inspection of the Tumkur District Forest Office.

No. R. 9823-5—Ft. 108-15-5, dated 20th April 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 4959, dated 24th November 1915, from the Conservator of Forests in Mysore, submitting his report on the inspection of the Tumkur District Forest Office, conducted on the 19th June 1915

(Printed as accompaniment.)

Order No. R. 9823-5—Ft. 108-15-5, dated 20th April 1916.

Recorded.

Paras 4 and 10 of the Report.—It is unsatisfactory to note that the omissions pointed out in the previous inspection report about the Forest and Plantation journals not having been written up, still remains unattended to and that the register of produce removed by right holders has not been maintained.

Paras 8 and 23.—It is not clear whether steps are being taken to promptly adjust the amounts outstanding against the Rangers, etc., and to recover the instalments due on account of current leases of tangadi and minor forest produce as they fall due.

Para 11.—The Conservator should have verified by reference to the receipt given to Mr. Subbanna what the correct amount recovered from him actually was.

Para 22.—The contracts and disbursement ledgers should be maintained with greater care.

Para 24.—The Comptroller is requested to issue necessary instructions to the Treasury Officers to send the schedule of remittances to the District Forest Offices in time.

Para 31.—The destruction of useless records should be taken in hand at once.

Para 37.—The fees on account of composition should not fall into arrears, payment being a condition precedent to composition.

Para 41.—The loss of Service Registers is a serious affair. The matter should be thoroughly enquired into and a detailed report should be submitted to Government early.

It is a matter for regret that many of the registers and books have not been maintained with care and that many others have not been maintained at all. This should be set right early.

The Conservator's report is silent as to whether the state of securities from the Rangers and other subordinates were examined. In future inspection reports a paragraph should be devoted to this subject.

V. R. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

To—The Conservator of Forests in Mysore.
The Comptroller to Government
The Deputy Commissioner, Tumkur District.

Exd.—C. R.

No. R. 9823-5—Ft. 108-15-5, dated 20th April 1916.

INSPECTION REPORT OF THE DISTRICT FOREST OFFICE, TUMKUR.

Date of Inspection.—19th June 1915.

Date of last Inspection.—19th May 1914.

Officer in Charge.—Mr. M. A. Varadachar, Acting Assistant Conservator of Forests, since 1st March 1915. Mr. P. S. Govinda Rao, Assistant Conservator of Forests, from 27th October 1911 to the end of February 1915.

Office Building.—The Office is located in a Government building which is comparatively in a good condition.

Furniture.—One table, one chair, one pigeon-case, one almirah and two record-racks are necessary. They will be supplied early.

RECORDS.

I. Management and working of Forests.

(*1*) *Register of State Forests.*—Maintained. Requires to be chronologically arranged. B and C Registers are wanting in the case of the Huliyurdurga State Forest. Of the 21 plantations in the list, only 12 plantations have been notified under Section 17 and necessary instructions in the matter have been issued to the District Forest Officer.

(*2*) *Maps of State Forests.*—Since the last inspection, no fresh supply of Forest Survey maps has been made. Maps have yet to be supplied for eight forests in the district.

(*3*) *Control Books.*—Forms 2, 2A and 3.

The Conservator's remark at the last inspection that these registers should be posted up by the District Forest Officer himself has not been attended to.

Registers have been maintained and posted up as detailed below:—

	Form 2	Form 2A.	Form 3
(*a*) Devarayadurga	13—14	12—13	12—13
(*b*) Maddagiri Forest	13—14	13—14	Not maintained
(*c*) Do Extension ...	13—14	13—14	Do
(*d*) Bukkapatna Forest ...	12—13	12—13	Do

Necessary instructions have been issued to the present District Forest Officer to post up these registers up-to-date.

4. *Forest Journal and Plantation Journal*—Not written up as yet, although over a year has passed by since the date of last inspection.

5. *Register of Receipts and Issues of Timber and other Forest Produce—Form No. 6.*—Maintained and posted up to the end of April 1915.

6. *Register of Sales of Timber and other Produce by Government Agency—Form No. 7.*—Maintained and posted up to the end of April 1915.

7. *Register of accounts of Timber and other Produce cut, collected and removed by Purchasers and Consumers—Form No. 9.*—Maintained and posted up to the end of April 1915. Checked with "F" Forms pertaining to the Bukkapatna, Tiptur and Tumkur Ranges and with the entries in the duplicate cash sheets concerned and found to agree. The "F" Forms of the Maddagiri Range were not available for check. Instructions were issued to the District Forest Officer, to get also the license vendors' "F" Forms in original along with the abstracts prepared by the Range Officers.

8. *Register of Outstandings on account of Revenue due to the Department—Form No. 10.*—Maintained and posted up to the end of April 1915. Checked the balances with Forms Nos. 7 and 9 and the lease register and found to agree.

Particulars of revenue outstandings at the end of April 1915 are noted below:—

	Rs.	a.	p.
(*a*) Deputy Commissioner, Tumkur, on account of supply of plague shed materials	24	5	8
(*b*) Military Grass Farm Department	53	5	2
(*c*) Tangadi lease—			
(1) 1910-12	1,243	3	4
(2) Current	37,549	15	4
(*d*) Lac lease (current)	1,386	0	0
(*e*) Minor forest produce lease (current)	3,286	10	0
(*f*) Honge leaves (do)	300	0	0
Total ...	43,843	7	6

No. R. 9823-5—Ft. 108-15-5, dated 20th April 1916.

Of this amount, Rs. 22,563-6-10 fall due in 1915-16. Bills have been sent for "acceptance" in the case of items Nos. (*a*) and (*b*). As regards item No. (*c*) for Rs. 1,243-3-4, Government have been pleased to direct in their Order No. R. 10434-5—Ft. 130-14-3, dated the 20th May 1915, that the offer of one H. Chendrappa to pay up Rs. 1,000 in full settlement of the dues may be accepted and the balance of Rs. 243-3-4 written off the accounts. The matter is receiving due attention.

9. *Register of Free Grants.—Form No. 11.*—Maintained. No transactions since December 1908.

10. *Register of Produce removed by Right-holders.*—Not maintained.

11. *Receipt Book.—Form No. 13 A.*—Checked with the cash book entries. On 8th August 1914, Receipt No. 29 has been drawn up for Rs. 1,500 in favour of one Subbanna of Tumkur, but in the cash book only a sum of Rs. 100 has been given credit to. From Subbanna's petition, dated the 8th August 1914, *i.e.*, the day on which the receipt in question was written up, it is seen that the amount deposited was only Rs. 100. The difference is due to carelessness on the part of Mr. P. S. Govinda Rao, the then District Forest Officer.

II. STOCK.

12. *Register of Stores, Plant and Tools.—Form No. 14.*—Maintained both in Form No. 14, and the newly prescribed form for recording daily transactions. The two registers do not tally with each other. Necessary instructions have been given in the matter. One sandal "Fell" stamp is missing.

Date of last complete stock-taking.

1.	Tumkur	...	... 18th December 1914
2.	Maddagiri	...	... 20th May 1915
3.	Bukkapatna	...	... 28th May 1915
4.	Tiptur	....	... 8th June 1914

Cash Account.

13. *Cash Book.*—Maintained and posted up-to-date but not with due care and neatness.

Entries were compared and checked with the following subsidiary accounts, since the date of last inspection.

1. Receipts (Form No. 13A).
2. Register of cheques.
3. Counterfoils of cheques.
4. Ledger.
5. Schedule of Remittances.

Last Day to which the Headquarter Entries have been made.—Seventeenth June 1615.

Latest date to which the subordinates' accounts have been received and written up.—Subordinates' accounts have been incorporated up to the end of April 1915.

Cash Balance.—Nil.

14. *Record of Sanctioned Works.*—Maintained. Completion report of the well at Namadchelme is still due from the District Forest Officer.

Register of License Books.

15. *B and C Registers.*—Maintained and posted upto date. Checked the stock of license books and found correct. The number of used-up license books with the Range Officers is very large. The District Forest Officer has promised to withdraw them early.

16. *Register of Permits and other Registers*—Not maintained.

17. *Register of Travelling Allowance Bills*—Maintained.

18. *Establishment Pay Bill*:—Maintained and posted up to the end of April 1915. Checked with the allocation statement and found to agree.

Usual date of Payment of Salaries:—Generally within the first week in the case of the Headquarter staff.

19. *Cheque Books.*—These are kept in the personal custody of the District Forest Officer and written up by himself. Cheque No. 11—442 on the Sira Taluk Treasury is dated 1st January 1914. This date is evidently wrong. It should have been 1st May 1914.

Account Current.

20. *Form No. 18.*—Written up-to-date. The dates noted in the counterfoils of cheques do not, in, many cases, tally with the dates entered in Forms Nos. 18 and 19.

No. R. 9823-5—FT. 108-15-5, DATED 20TH APRIL 1916.

21. *Register of cheques—Form No. 19.*—Posted up-to-date. The counterfoils of cheques were compared in detail with Forms Nos. 18 and 19, which on the whole, have not been written up with due care.

Names of Treasuries in which the accounts are opened.—

1. District Treasury, Tumkur.
2. Taluk Treasury, Maddagiri.
3. Do Sira.
4. Do Gubbi.
5. Do Tiptur.
6. Do Kunigal.
7. Do Pavagada.

Last Quarter to which Form No. 18 has been balanced.—Third quarter ending 31st March 1915. Necessary instructions have been issued to maintain the Register in question in accordance with the provision of Article 152 of the Forest Department Code.

Date to which Register of cheques is written up.—Tenth June 1915.

Entries compared with the Cash Book.—Compared in detail since the date of last inspection.

22. *Contractors and Disbursers' Ledger—Form No. 24.*—Maintained and posted up-to-date, but not with sufficient care.

23. *Monthly Abstract Ledger—Form No. 25.*—Maintained. Checked with Form No. 24 and found to agree. The balance outstanding at the end of April 1915 amounted to Rs. 971-2-5 as detailed below :—

		Rs.	a.	p.
1. Range Officer, Tumkur	...	324	1	1
2. Do Maddagiri	...	298	0	4
3. Do Bukkapatna	...	210	10	4
4. Do Tiptur	...	87	15	0
5. K. Krishna Rao, Forester	...	25	0	0
6. Mr. T. Hari Rao, Accountant	...	25	7	8

In the case of Nos. 1, 2, 3, the balances do not tally with those shown in the Range returns concerned and the District Forest Officer has promised to reconcile the differences early.

24. *Schedule of Remittances.*—Maintained. The return to be prepared by the District Forest Officer in Form No. 27 must necessarily be based upon the Treasury schedule. But in this district, the return due from the Treasury is being received long after the due date or even after the submission of the monthly accounts to the Comptroller.

25. *Objection Statements.*—Copies of the objection statements have been maintained in bound books. The following objection statements were pending disposal with the District Forest Officer at the time of inspection.

Conservator's objection statements for December 1914 and January 1915.

Comptroller's objection statements for November 1914 and March 1915.

The present District Forest Officer has promised to dispose of these objection statements early.

26. *Register of Disallowances and Fines.*—Maintained. The amount disallowed by the Comptroller and the Conservator have not been recredited in the District Cash Book as required. Necessary transactions have, however, appeared, independently in the Disbursers' accounts.

IV. OFFICE BUSINESS.

27. *Keeping of Documents.*—In "Cases" and Files.

28. *Copies of Registers in Forms Nos. A and B for artificial propogation of sandal.*—Not maintained.

29. *Register of Books and Maps.*—Maintained. The District Forest Officer has been asked to submit a report on the books noted as "not found" by Mr. P. S. Govinda Rao, in the Register.

30. *Register in Forms Nos. 32 and 33 for receipts and issues of correspondence.*—Maintained.

31. *Destruction of useless Documents.*—Nothing has been done in this connection.

32. *Neatness in keeping Office.*—Fair.

33. *Punctuality in Correspondence.*—Fair.

No. R. 9823-5—Ft. 108-15-5, dated 20th April 1916.

34. *Custody of Stationery.*—With the 3rd clerk. The required accounts have been maintained and posted up-to-date.

35. *Forest Department Code.*—Kept corrected up-to-date.

36. *Forest Regulation.*—Corrected up-to-date.

37. *Register of Forest Offences.—Form No. 35.*—Maintained. The number of cases reported since 1st July 1914 is 87. Column 13 of the register has not been filled up. Small discrepancies were noticed between the entries in Form No. 35 and Form B. Compensation remains to be recovered in 39 cases.

38. *Sandal Damage Register.*—Not maintained.

39. *Circular Files.*—Maintained separately for.

1. Government Proceedings.
2. Circular orders issued by the Conservator and
3. Do by the District Forest Officer.

40. *Acquittance Roll.*—Maintained. Date of payment has not been noted in a few cases, nor have the thumb impressions been properly attested. This important Register requires to be maintained with more care.

41. *Service Registers.*—Service Registers have not been opened in favour of all officials while 18 Service Registers are reported to have been lost in transmission when they were returned by post by Mr. P. S. Govinda Rao, to whom they had been sent by the Accountant on the former's transfer to the Mysore District. Necessary action is being taken to open fresh registers.

42. *Gazette Files.*—Bound up to December 1914.

43. *Diary Files.*—Bound up to June 1914.

44. *Efficiency.*—Fair.

Report of Inspection of the Kolar District Office.

No. R. 9826-7—Ft. 108-15-6, dated 20th April 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 4959, dated the 24th November 1915, from the Conservator of Forests in Mysore submitting the report of his inspection of the Kolar District, etc., conducted on 2nd June 1915.
(Printed as accompaniment.)

Order No. R. 9826-7—Ft., 108-15-6, dated 20th April 1916.

Recorded.

It is very unsatisfactory to note that the discrepancies, etc., noticed in the audit report of 1908 have not been properly explained till now, even though the particular attention of the District Forest Officer was drawn to these in the Conservator's inspection report and on other occasions. The Conservator is requested to see that these are promptly attended to.

Paragraph 4 of the report.—It is a matter for regret that there has been no improvement in the preparation of for journals since the last inspection.

Paragraph 6.—It is not understood how the opening and closing balances of the Range and District returns could tally when the differences observed in 1908, have not been properly accounted for.

Paragraph 9.—In future inspection reports a paragraph should be devoted to show whether the instalments due on account of current leases of tangadi, etc., are being recovered promptly and whether the understanding in the matter of defaulters, not being allowed further contracts is properly enforced and whether the records and mutchalikas in such cases are complete. The outstandings under other heads should be reduced.

Paragraphs 11 and 38.—It is unsatisfactory to note that some of the prescribed registers have not been maintained at all, while those maintained have not been carefully kept. The attention of the Conservator is again drawn to paragraph 4 of Government Order No. R. 9586-7—Ft. 149-13-2, dated the 16th June 1914, reviewing the previous inspection report.

Paragraph 33.—A special report should be submitted about the sum of Rs. 283-12-1 said to be under dispute.

Paragraph 37.—The necessity for the maintenance and destruction of the records according to the codal rules may be impressed on the District Forest Officer.

In future the inspection report for each district should be sent up immediately after the close of each inspection instead of the reports of two or three districts being sent together.

V. R. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

To—The Conservator of Forests in Mysore.
The Deputy Commissioner, Kolar District.

Exd.—C. R.

No. R. 9826-7—Ft. 108-15-6, dated 20th April 1916.

INSPECTION REPORT OF THE DISTRICT FOREST OFFICE, KOLAR.

Date of Inspection —2nd June 1915.

Date of Previous Inspection —13th February 1914

Office Building.—A new building is under construction.

Officer in Charge —Mr. H S. Narayana Rao, B A , Assistant Conservator of Forests, since 4th April 1915.

1. *Register of State Forests* —Maintained Notification No R 9261-1—Ft. 143-14-4, dated the 24th April 1915, relating to the Konaguntla Block and the B and C Registers of the Gokunta-Golhalli Block are wanting.

2. *Maps of State Forests* —No fresh supply of Forest Survey maps have been made since the date of last inspection

Control Books.

3. *Register of Yield and Out-turn Record of Works of Improvement* —These registers exhibit entries only from 1907-08, although the working of the coupes began much earlier and have been posted up to the end of 1913-14. As it is, the registers serve no useful purpose and have got to be rewritten with full details.

4. *Forest Journal* —Not maintained. The journals are said to be in the course of preparation in all the Ranges, except the Bagepalli Range

5. *Plantation Journal* —The journal written up, as noticed at the previous inspection, for the ten plantations of the Malur Range, has been posted up to the end of 1913-14. No attempt has been made to write up the journal for the remaining fourteen plantations.

6. *Register of Receipts and Issues of Timber and other Produce. Form No. 6* —Maintained and posted up to the end of March 1915 Checked the entries with the Range returns and found to agree. The opening as well as the closing balances as shown in the District and Range returns also tally with one another The mistakes noticed at the last inspection have been set right, but the discrepancies, etc , referred to in the Audit Report of 1908, have not been fully and satisfactorily explained They relate chiefly to the differences noticed between the District and Range returns

7. *Register of Sales of Timber and other Produce cut and collected by Government Agency Form No 7.*—Maintained and posted up to the end of March 1915 In January 1915, 850 casuarina poles shown as disposed of in Form 6, have no corresponding entry in Form No 7 The quantity is, however, verifiable from Form No 9.

The remarks made in the previous para regarding the audit-objections of 1908, apply to this return also

8 *Register of Accounts of Timber and other Produce cut and removed by Purchasers and consumers. Form No 9* — Maintained Checked the entries with the Range returns and found correct. All the "F" Forms that were available in office were also checked, and the revenue shown therein was found to have been correctly accounted for in the Range returns concerned.

The remarks relating to the audit-objections of 1908, referred to in paras 6 and 7, apply to this register as well

9. *Register of Outstandings on account of Revenue due to the Department. Form No 10* —Maintained and posted up to the end of March 1915. Checked the balance with Forms 7 and 9 and found to agree

Particulars of outstandings at the end of March 1915 are noted below:—

	Rs.	a.	p.
1. Amildars of Taluks and Vice-Presidents on account of plague shed materials	309	13	0
2 Lease of lac-crop	290	11	8
3. Do of other minor forest produce	482	6	0
4. Do of Tangadi	83,447	10	6
5. Other items	792	3	0
Total ...	85,322	12	2

Barring the dues on account of Tangadi lease recoverable in fixed instalments, the outstandings under other heads amount to only Rs. 1,875-1-8 In regard to item No. 1, it is to be observed that no prompt action has been taken to prepare and send up bills for "acceptance" to the Deputy Commissioner.

No. R. 9826-7—Ft. 108-15-6, dated 20th April 1916.

10. *Register of Free Grants Form No. 11.*—Maintained.

11 *Register of Produce removed by Right-holders.*—Not maintained as there is no transaction of the kind.

12. *Receipt Book Form No 13A.*—Maintained. No receipt has been issued from out of the book since 10th February 1913.

13. *Register of Stores, Tools, etc.*—Maintained both in the codal Form No. 14, and in the newly prescribed form for recording daily transactions. The entries in the two registers do not tally with one another. Necessary instructions in the matter have been given to the District Forest Officer inviting his attention once again to the audit objections of 1908 in this connection.

14. *Date of last complete stock-taking.*—

1. Bagepalli Range	...	...	23rd January 1915.
2. Malur do	...	...	25th September 1914.
3. Chikballapur	...	...	6th November 1914.
4. Srinivaspur	...	...	10th March 1915.

15. *Cash Book.*—Maintained and posted up-to-date but not with due care. The report promised regarding the discrepancies and irregularities referred to in the audit report of 1908, has not yet been submitted by the District Forest Officer

16. *Entries compared and checked with the Subsidiary Books.*—Compared and checked in detail since the date of last inspection.

17. *Last day to which the Headquarter entries have been made.*—16th May 1915.

18. Latest date to which the subordinates' returns have been received and written-up.—April 1915.

19. *Record of sanctioned works Form No. 28.*—Maintained. Attention is invited to the remarks conveyed in the previous Inspection report.

20. *Register of License Books.*—Registers in B and C Forms have been maintained correctly, and posted up-to-date. Checked the stock of license books in hand and found to agree with the balance shown in the B Register.

21. *Register of Permit Books and other Register.*—Mainained from January 1915.

22. *Register of Travelling Allowance Bills.*—Maintained.

23. *Establishment Pay Bills.*—Maintained up to the end of March 1915.

24. *Usual Date of Payment of Salaries.*—Generally within the first week of the month in the case of Headquarter staff.

25. *Cheque Books.*—These are in the personal custody of the District Forest Officer and cheques are being written up by himself.

26. *Account Current Form No. 18.*—Written up-to-date (6th May 1915.)

27. *Register of Cheques drawn Form No. 19.*—Posted up-to-date but not neatly maintained.

28. *Names of Treasuries in which the accounts are opened:*—

1. District Treasury, Kolar.
2. Taluk Treasury, Malur.
3. Do Srinivaspur.
4. Do Chikballapur.
5. Do Bagepalli.

29. *Last quarter to which Form No 18 has been balanced.*—Up to the end of March 1915.

30. *Date to which the Register of Cheques is written up.*—16th May 1915.

31. *Entries compared with the Cash Book.*—Compared in detail since the date of last inspection and found to agree.

32. *Contractors' and Disbursers' Ledger Form No. 24.*—Maintained but not quite correctly. The mistakes noticed have been communicated separately to the District Forest Officer.

No. R. 9826-7--Ft. 108-15-6, dated 20th April 1916.

33. *Monthly Abstract of Contractors' and Disbursers' Ledger Form No 25.*—Maintained. Checked with Form No. 24 and found to agree. The balance outstanding at the end of April 1915, is as noted below :—

			Rs.	a.	p.
1.	Range Officer, Srinivaspur ...	...	211	3	11
2.	Do Malur ...	...	389	4	11
3.	Do Chikballapur ...	...	418	10	2
4.	Do Bagepalli ...	...	109	8	8
5.	Amildar, Kolar ...	...	1	8	0
6.	Mohamed Buden, Forester ...	...	20	0	0
7.	Mr. N. R. Narasimhiengar, Accountant (Advance of pay) ...		42	0	0
	Total	...	1,225	3	8

With the exception of Rs. 283-12-1 which is under dispute, and Rs. 1-8-0 that has to be written off the accounts, all the remaining items are current advances.

34. *Schedule of Remittances.*—Checked in detail with the cash book and found that the revenue accounts have been duly given credit to.

35. *Objection Statements.*—Copies of objection statements have been maintained. The following is a list of objection statements pending disposal with the District Forest Officer:—

Comptroller's objection statement for November 1914,
Conservator's objection statement for October 1914,
and also nine statements returned with further remarks.

36. *Register showing the Recoveries of Disallowances and Fines.*—Maintained. A separate register has also to be maintained for watching the recovering of fines inflicted on subordinates.

37. *Keeping of Documents.*—Papers are still kept in bundles. It is high time that "Open Files" system should be adopted as required by codal rules.

38. *Copies of Registers in Forms A and B for Artificial Propogation of Sandal.*—B Register has not been maintained. In the A. Register, entries have been made only up to August 1909.

39. *Register of Books and Maps.*—Maintained. The actual stock of books could not be checked as they are kept pell mell for want of room and necessary furniture.

40. *Register in Forms Nos. 32 and 33 for Receipts and Issues of Correspondence.*—Written up-to-date.

41. *Destruction of Useless Documents.*—Lists of papers to be destroyed have been prepared for 1892-93 and 1893-94.

42. *Neatness in keeping Office.*—Fair.

43. *Punctuality in Correspondence.*—Fair.

44. *Custody of Stationery.*—With the accountant. The prescribed accounts have been maintained and posted up-to-date.

45. *Forest Departmental Code.*—Kept corrected up-to-date.

46. *Register of Forest Offences.*—Maintained.

47. *Forest Rules and Regulations.*—Corrected up-to-date.

48. *Sandal Damage Register.*—Maintained. Most of the cases noticed at the previous inspection to be pending have since been disposed of and those that are pending are detailed below:—

Year		Amount of compensation Rs. a. p.	Date of report
1. 1909-10	...	310 12 0	23rd April 1910.
2. Do	...	188 0 0	30th March 1910.
3. 1910-11		2 8 0	25th November 1910.

49. *Circular Files.*—Maintained separately for—

1. Government Proceedings.
2. Circular orders of the Conservator.

50. *Acquittance Roll.*—Maintained. The omissions noticed have been separately communicated to the District Forest Officer.

51. *Service Registers.*—Only fourteen Service Registers are filed in the District Forest Office. The District Forest Officer has been instructed to get the Service Registers of all the Rangers, Deputy Rangers and Foresters and file them in his office.

No. R. 9826-7—Ft. 108-15-6, dated 20th April 1916.

52. *Service Regulations.*—Corrected up-to-date.

53. *Gazette Files.*—Bound up to the end of December 1914.

54. *Diary Files.*—The diares of the District Forest Officer have been bound up to 5t July 1913.

55. *Register of Mature Sandal Trees removed from Occupied Lands.*—A register h been opened but it contains no entries. The information required to post up this register said to be awaited from the Range Officers.

56. *Efficiency.*—Fair.

No. Fl. 5274-90—G. F. 98 15-6, dated 8th April 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Notification No. Fl. 1511 G. F. 280-04-39, *dated 15th August 1906, announcing the issue of a* four per cent loan of 20 lakhs of rupees and stating that the amount for which pro-notes will be issued shall not be less than Rs. 500 and that all notes will be for amounts which are exact multiples of Rs. 100.

2. Government Order No. 7641 6 —L. B 42-11-11, dated 19th April 1912 authorising the President of the District Board, Kolar, to issue bonds of the value of Rs. 100, Rs. 500 and Rs. 1,000 for the Bowringpet-Kolar Railway Debenture Loan.

3. *Government Order No. 2510-2—L. B 20-14-2, dated 24th September 1915, approving of the* issue in respect of the Shimoga District Board Railways of debenture bonds of the value of Rs. 50, Rs 100, Rs. 500 and Rs. 1,000.

Order No. Fl. 5274-90—G. F. 98-15-6, dated 8th April 1916.

It has been represented to Government that the pro-notes of the State four per cent loan and the debenture bonds of the District Board Railways should be made available in smaller values than at present so as to bring them within the reach of the poorer classes. Government consider that such a measure is necessary to enhance the popularity of these securities and to afford reasonable facilities for the poorer classes to invest their savings in high class securities. They are accordingly pleased to direct that for the securities referred to above and all other loans which may be authorised to be raised hereafter by the Government or a local body pieces of the small values of Rs. 25, Rs. 50 and Rs. 100 should be made available for the public.

2. The Comptroller is requested to take action in consultation with the officers concerned to give effect to this Order of Government.

J. S. CHAKRAVARTI,
Finl. Secy. to Govt.

No. Fl. 5531-48—S. R. 105-14-1, dated 22nd April 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Representative Assembly Subject No. 33 of 1914, regarding the stamp to be affixed to applications for licenses to build or repair houses and to transport one's own timber from one place to another,

Order No. Fl. 5531-48—S. R. 105-14-1, dated 22nd April 1916,

In the Representative Assembly of 1914, it was represented that Court fee stamps of annas eight were required to be affixed to applications for building licenses and for transport of one's timber and that since this worked as a hardship an anna stamp might be prescribed for them. It was also pointed out by some members that for applications for licenses to build houses, the applicants sometimes used eight anna stamps through ignorance, though the law required no stamps. In reply to these representations Government promised to issue clear instructions explaining the law on the point.

2. The applications referred to may be classified as follows:—

(i) Applications for licenses to build or repair houses in non-Municipal areas.

(ii) Appplications for licenses to build or repair houses in Municipal areas.

(iii) Applications for licenses to transport timber from one place to another.

3. It has already been ordered in Government Proceedings No. Fl. 440-8—S. R. 175-13-3, dated 24th February 1915, that applications for permission to build houses in non-Municipal areas need not be stamped. This ruling applies as well to the applications for permission to *repair* houses in the said areas.

4. The second class of applications, *viz.*, for permission to build or repair houses in Municipal areas, does not also require to be stamped, as Section 96 of the Municipal Regulation contemplates only a notice in writing and not an application for a license and as no stamp is required for such notices.

5. In regard to licenses for the transport of timber, however, Government Orders Nos. R. 262-70—Ft. 131-10-3 and R. 2201-9—Ft. 183-11-1, dated 12th July 1911 and 18th October 1912, do contemplate applications in writing and these have to be stamped with a court fee stamp of annas eight under Class I (*b*) of Schedule II of the Court Fees Regulation, the exemption in clause XIV of Section 16 not being applicable to these cases.

Read—

Correspondence ending with letter No. 396, dated 10th April 1916, from the Excise Commissioner in Mysore, submitting with his recommendation the tenders received by him for the manufacture and supply of arrack to the State, including the Civil and Military Station of Bangalore, for a period of three years from 1st July 1916 to 30th June 1919.

Order No. Fl. 5578-87—S. R. 100-15-9, dated 24th April 1916.

As the present contract for the manufacture and supply of arrack to the State, including the Civil and Military Station of Bangalore, expires by the 30th June 1916, tenders were invited in Notification No. Fl. 4867—S. R. 100-15-5, dated the 22nd March 1916, for the manufacture and supply of the same for three years from 1st July 1916.

2. In response to this notification only two tenders were received and the marginally noted rates tendered by Messrs. Hajee Ismail Sait & Sons are lower and more favourable. Taking into consideration the difficulty of obtaining from outside India the materials required for the manufacture of arrack on a large scale and the high market prices prevailing, and agreeing with the Excise Commissioner, Government are pleased to accept the tender of Messrs. Hajee Ismail Sait & Sons for the manufacture and supply of arrack and special liquors.

Arrack.	per gallon of 30° U. P. Rs. a. p.
Molasses arrack ...	... 0 11 2
Sugar-cane jaggery arrack	... 0 12 3
Palmyra arrack ...	... 0 11 2
Special Liquors.	per gallon of 20° U. P.
Brandy ...	.. 1 11 6
Whisky ...	... 1 10 6
Gin ...	... 1 8 0
Rum ...	... 1 7 0
Milk Punch ...	... 2 10 0

3. Government direct that the existing selling prices to licensees of molasses and palmyra jaggery arrack be continued for 1916-17. The rates for bottled sugar-cane jaggery arrack and special liquors will be notified by the Excise Commissioner.

4. The Excise Commissioner is requested to submit for the approval of Government the draft of the agreement to be executed in respect of this contract, to see that the required security is deposited and otherwise take needful steps for the proper carrying out of the contract from 1st July 1916.

Annexure.

Letter No. 4943—633, dated 11th—14th March 1916, from the Inspector-General of Police in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General Department.

In continuation of my letter No. 4711—611, dated the 4th March 1916, I have the honor to submit the following report on the working of the Mysore Arms Regulation and the rules framed thereunder for the calendar year 1915.

2. From statement No. 1 showing the number and description of licenses issued under the various forms, it will be seen :—

(*a*) that only one license to transport arms, ammunition or military stores within the State was issued in the Chitaldrug District against one in the Shimoga District in the previous year;

(*b*) that under Form II of licenses to manufacture, convert or sell arms, ammunition or military stores, 36 licenses were issued against 37 in 1914 ;

(*c*) that under Form III of licenses to keep and sell arms, ammunition or military stores, 91 licenses were issued against 90 in the previous year ;

(*d*) that under Form IV of licenses to possess arms, etc., 16,731 licenses were issued during the year against 16,799 during the preceding year, showing a net decrease of 68 licenses, the number of such licenses decreasing in the Kadur, Bangalore and Shimoga Districts, while there were increases in all the other districts ;

(*e*) that under Form V of licenses to go armed on a journey not a single license was issued against one in the previous year ;

(*f*) that under Form VI of licenses to possess arms, ammunition or military stores, 101 licenses were issued against 58 in the preceding year ; and

(*g*) that under Form VII of licenses to possess arms and ammunition for destroying wild animals, 303 licenses were issued against 403 in the previous year, showing a decrease of 100 licenses which was in Shimoga District alone. The District Magistrate of Shimoga while assigning the same reason as that reported in 1914, *viz.*, that the decrease was more apparent than real, states that 2,948 licenses were actually in force during the year under report against 2,932 in the preceding year.

3. The number of arms covered by these licenses was 18,294 fire-arms and 186 arms of other description against 18,302 fire-arms and 192 other arms in the preceding year.

4. The Statement No. II annexed shows the number of persons licensed to deal in sulphur. There were 86 licensed dealers during the year against 83 in 1914. The opening balance of the stock of sulphur with the dealers on the 1st January 1915, was 9 tons, 1 qr. and $27\frac{11}{30}$ lbs. The quantity purchased was 16 tons, 12 cwts , 2 qrs. and $25\frac{2}{5}$ lbs., and the quantity sold was 15 tons, 11 cwts., 1 qr., and $1\frac{4}{5}$ lbs., and the balance remaining unsold at the end of the year was 10 tons, 1 cwt., 3 qrs. and $22\frac{23}{30}$ lbs. As usual, sulphur was chiefly used in the preparation of ordinary fire-works.

5. The Statement No. III shows the inspection by Police Officers and Magistrates of stock premises and books of licensed dealers. Four of the licensees did not transact business. The Superintendents of Police inspected 66 out of 120 shops and Police Inspectors 76. The Superintendents of Kolar and Hassan Districts inspected all the shops in their districts during the year under report.

6. Seventy-eight persons in 67 cases were prosecuted for violation of the provisions of the Regulation and the rules with the result that 52 persons in 51 cases were convicted, 21 persons in 11 cases were either acquitted or discharged and the remaining 5 persons in 5 cases were awaiting trial at the end of the year.

The only case that was pending at the beginning of the year was struck off on A form as the accused was out of view for more than six months.

ANNEXURE.

INSTRUCTIONS FOR SINKING DRAW-WELLS FOR DOMESTIC PURPOSES.

Site.—The first and foremost point for consideration in connection with the construction of ıking water wells is the selection of suitable site. A site where there is likely to be an abundant ply of underground springs and its surroundings are pure and free from contamination of any kind surface drainage, should be selected.

A careful study of the existing wells in the neighbourhood and the character of the soils through ich they are sunk and the quality of water in them, will be a safe guide for determining whether a is favourable or otherwise in regard to cost and potability of water and permanency of its supply.

In the location of sites for drinking water wells, the following injunctions are necessary for pre- ting epidemics in the village or villages which may use the well :—

1. Choose fairly high ground in preference to low.

2. As far as possible, avoid sites quite close to a village. Sites above the village are preferable hose below it and in any case, the surface drainage should not enter into the well.

3. Proximity to the grave yards and cremation ground should be avoided and the sites should free from the possibility of contamination by infiltration of sullage or water from land fouled in any y.

4. Sites in the midst of trees are equally objectionable on account of leaves dropping and ting in water.

5. Avoid sites containing brackish or bitter water.

Soil.—Economy is the chief consideration in well-sinking operations and the maximum efficiency a well must be secured with the minimum cost. To make the cost of a well less expensive, avoid far as possible rocky, bouldery, sandy and *sudda* soils ; otherwise, the cost will be prohibitive not speak of the disappointment. Very soft soil disintegrates by the action of water sooner than fairly d-earth and gravel, unless the sides are protected from falling with some casing, preferably stone- ng. In fairly hard ground which does not disintegrate by the action of water, the lining need not carried through, but to a few feet from the surface in the alluvial soil below ground.

Springs.—Except where impermeable rocks exist, water in more or less quantities is to be found rywhere beneath the surface of ground.

The supply near the surface is due to springs from the percolation of rain water on the ground ich should necessarily be of a limited character as it is met within a few feet of the surface of und.

The deep-seated or subterranean supply is what is met with at a considerable depth below the und and this does not get exhausted as perennial springs feed it. The depth at which this perma- nt zone of supply is met with below the surface of ground depends upon the geological formation of the th-crest. If the soil is alluvial, as a general rule, water-bearing strata will be met within easy ch below the surface, say 20 to 30 feet. In harder crests it varies from 30 to 60 or even 80 feet ow surface. This zone can be safely relied upon for an unfailing supply.

Wells.—The ordinary well is simply a square or a circular hole dug on the alluvial soil below und lined for a few feet of its depth from the surface with some casing to protect the sides from ing. The round section is preferable to square section for the constructive convenience and ength.

With wells of average depth which are found generally near the villages, the supply will be either carious or there will be no supply at all in the dry season when it is needed most, except in the uvial soil and a few favourable spots. It is a mistake to make wells very shallow unless surface ings give copious discharge during dry season.

In sinking wells it is very necessary to have trial borings of not less than three feet in diameter the first instance up to the level of water bearing strata.

This trial will show definitely whether the site is a favourable one in every way in regard to the pply and its potability consistent with economy, and if not, other sites should be tried.

A typical well is a circular shaft of small dimensions sunk in a fairly hard ground to a great pth where permanent zone of springs is met with and lined with size or rough stones where neces- y to prevent sides from slipping.

The following precautions are necessary in sinking wells :—

1. The sinking of the shaft must stop when the inflow is in excess of the quantity which n be removed ; otherwise, the excavation will be flooded interfering with the completion of the ll.

2. The lining should on no account be built before tapping the permanent springs.

3. The lowest or bottom course of the lining to consist entirely of through stones or slabs the required thickness firmly bedded, truly level and the upper courses built on it keeping them ly vertical.

4. In the lining, place through stones three feet apart in each course, care being taken that stones in successive courses may not be one over the other. These through stones bind the work gether and carry the weight uniformly.

5. The space between the excavation and the back of the lining, if any, be filled up with small stone jelly as the courses are raised from bottom. Under no circumstances, this space should be filled up with earth on economical grounds.

6. As there is always a considerable quantity of water spilt round a well, which should not be allowed to percolate back into the soil and into the well, the lining may be raised two feet above ground level and it should be surrounded by a platform of not less than four feet sloping outwards and provided with a gutter of V-shaped drain to collect the waste water which may be led with advantage, to a garden if close by, or to a sufficient distance to a watercourse. The length of this bed of drain should be equal at least to the depth of the well. Parapets may then be built to a height of three feet either of brick or stone masonry with sufficient number of drawing pulleys according to requirements.

7. During the sinking operations the excavation should be protected with fencing all round and in close proximity to roads and paths with lights also or otherwise protected to prevent accidents.

Two type designs accompany to give an idea as to how the shaft has to be sunk in different soils and the casing to be given to protect the sides.

Military Men selected for Special Training at Government Cost.

No. G. 14591-2—Mily. 127-14-5, dated 22nd April 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. I. S. T. 2062, dated 7th February 1914, directing that members of the Imperial Service Transport Corps selected to undergo training in the Veterinary or other schools at Government cost or while on receipt of the pay of their appointments should bind themselves to serve the Mysore Government for a period of ten years after they have qualified.

Letter No. 4090, dated 20th February 1915, from the Chief Commandant, Mysore State Troops, requesting that a ruling on the above lines may be passed for his department.

Order No. G. 14591-2—Mily. 127-14-5, dated 22nd April 1916.

In supersession of the order read above, Government direct that those selected from the Military Department to undergo special training at Government cost, either by grant of a special scholarship or by continuance of pay during the period of such training should continue to serve the department for at least seven years after the training is over and that in default they should be rendered liable to refund the scholarship or the pay drawn during the period of training. Should, however, the Military Department think that the services of a trained individual can conveniently be spared for service in any other Department of Government before the term fixed is over, the special orders of Government may be obtained in the matter.

The Administration Report of Public Works Department.

No. G. 13806-56—G. M. 283-15-9, DATED 5TH APRIL 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The Administration Report of the Public Works Department for the year 1914-15, submitted by the Chief Engineer, with his letter No. 10776, dated the 17th November 1915.

Order No. G. 13806-56—G. M. 283-15-9, dated 5th April 1916.

Recorded.

2. *Administrative Measures and Changes.*—Mr. Karpur Shrinivasrao, B.Sc., L.C.E., was confirmed as Chief Engineer and Secretary to Government, Public Works Department, on 1st December 1914, and Rao Bahadur K. Krishna Iyengar, B.A., L.C.E., was appointed Joint Secretary to Government, in the Public Works Department, in addition to his duties as Deputy Chief Engineer, with effect from the 1st January 1915.

3. The most important administrative changes in the department during the year were:—(1) the constitution of a special Irrigation Division with headquarters at Bangalore to give full effect to the decisions of Government in the matter of irrigation improvements, (2) the transfer of the entire control of operations connected with the Minor Tanks Restoration Scheme together with the funds provided therefor in the department of public works budget to the revenue department, (3) the assignment of the supervision and management of the important hill stations in the State, to the Superintendent, Government Gardens, and (4) the introduction of a time scale of pay for Engineer Officers.

4. *Total Grant and Outlay.*—The total grant for the year was Rs. 74,42,830 and the total expenditure including contributions was Rs. 70,28,449 against Rs. 57,38,324 in the previous year and an average of Rs. 44,69,151 during the preceding five years. The excess of Rs. 12,90,125 over last year's expenditure is chiefly due to the increased expenditure on the Cauvery Reservoir and allied channel works. Of this amount Rs. 43,84,559 were spent on original works and Rs. 14,56,417 on repairs; Rs. 8,60,677 represent establishment charges and Rs. 2,91,017 the cost of tools and plant.

5. The net lapse during the year under all heads was Rs. 4,90,981 which works out to 6·6 per cent of the total grant against Rs. 3,20,315 or 5·4 per cent during the previous year. Although some of the lapses were due to unavoidable causes, Government consider that they could have been reduced if carefully thought out programmes had been prepared well in advance, works commenced in the early part of the year, and arrangements made to adjust accounts before the close of the year. Some of the lapses are, it is reported, due to delay in the acquisition and handing over of sites selected for buildings, etc., and non-recovery of raiyats' contributions towards the cost of irrigation works. The Revenue Commissioner is requested to ascertain from the Public Works Department the particular cases of delay referred to and to arrange to co-operate with that department so as to prevent similar delays in future.

No. G. 13806-56—G. M. 283-15-9, DATED 5TH APRIL 1916.

6 *State Funds, Original Works.—(a) Irrigation Works.*—The total outlay on irrigation works both major and minor during the year was Rs. 30,21,265 or 42·6 per cent of the total expenditure for the whole department. Out of this sum Rs. 25,42,170 were spent on tanks and reservoirs and Rs. 4,79,095 on channels.

7. *The Cauvery Reservoir Project.*—The most important of the irrigation major works in progress was the Cauvery Reservoir Project. The dam was raised to a height of fifty-one feet in the river bed and 55 to 74 feet at the flanks, rendering it possible to store water to a height 51 feet. The storage thus affected affords a guarantee against shortage of water required for power generation at Sivansamudram. Government are glad that the question of affording irrigational facilities to the raiyats of lands submerged by the Reservoir received special attention. The year's outlay on all the reservoir works amounted to Rs. 26,93,011 or nearly 37·5 per cent of the total expenditure of the department, the expenditure on the works from the commencement in 1911, till the end of the year under review being Rs. 71,46,203.

8. *Marikanave Reservoir.*—A few modifications in the working of the rules of the block system of irrigation were sanctioned with a view to remove the difficulties of the cultivators since brought to notice and as a result, the area irrigated and the demand for irrigable land are on the increase.

9. Other works deserving mention on which an outlay of more than Rs. 20,000 was incurred during the year are :—(1) the construction of a new tank across the Maralvadi stream near Mavatur, Kankanhalli Taluk, (2) improvement and extension of the Hemagiri and Mandagiri channels in Mysore District, (3) the opening of a right bank canal from the Chamaraja anicut and (4) the construction of an anicut across the Bhrigu river near Halasur in the Mysore District.

10. *(b) Civil Buildings.*—Next in importance to irrigation works come civil buildings, the year's outlay on which amounted to Rs. 7,46,143. The principal works completed or in progress during the year were :—(1) the extension of the Public Offices at Bangalore; (2) the construction of Taluk Offices at Sidlaghatta, Honnali and Chikmagalur; (3) the construction of the New General Hospital at Mysore; (4) the New Residential and Office Blocks in the Palace; (5) Quarters for Indian guests, and Members of the Representative Assembly and (6) the improvement of the North and South Gates of the Fort at Mysore.

11. *General Remarks.*—In the order reviewing the Administration Report for the year 1913-14, the Chief Engineer was requested to add a paragraph in future Administration Reports about the inspection work done by himself, and the other superior officers of the department, but the report under review, gives only meagre information on the point.

12. The thanks of Government are due to Rajasabhabhushana Mr. Karpur Srinivasarao, Chief Engineer and Rao Bahadur Mr. K. Krishna Iyengar, Chief Engineer for Irrigation for the successful Administration of the department during the year.

Mysore University Committee.

No. 5493-8—Edn. 90-15-5, dated 1st April 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 5493-8—Edn. 90-15-5, dated 1st April 1916.

As the Government of His Highness the Maharaja have decided on starting the University of Mysore from the 1st of July 1916, they are pleased to appoint the following Committee with the designation "Mysore University Committee" for making all arrangements necessary for the purpose.

President.

Rajamantrapravina H. V. Nanjundayya, Esq., M.A., M.L., C.I.E.

Members.

Rao Bahadur M. Shama Rao, Esq., M.A., Inspector-General of Education.

J. G. Tait, Esq., M.A., Principal, Central College, Bangalore.

T. Denham, Esq., M.A., Principal, Maharaja's College, Mysore.

V. Rangaswamiengar, Esq., A.C.E., B.C.E., Superintending Engineer.

Secretary.

N. S. Subba Rao, Esq., M.A., Professor, Maharaja's College, Mysore.

2. The Committee will, as far as possible, keep to the main lines of the scheme as indicated in the provisional draft already issued and will fill up the necessary details and suggest all measures required to bring it into operation from the date fixed.

3. The Committee are hereby empowered to appoint Sub-Committees to consider and report upon special sections of the scheme.

4. The Committee will submit to Government such proposals as may require immediate action, separately as they are ready and in the order of urgency. The final report of the Committee embodying all the proposals and suggestions should reach Government by the 31st May.

5. All the Professors, Assistant Professors and other officers of the two Colleges are requested to help the Committee in such manner as may be required and any of them may be called upon by the President to work in connection with any part of the scheme during the ensuing vacation. Those whose services are utilised in this manner will be entitled to obtain privilege leave on full pay in accordance with the provisions of the Mysore Service Regulations.

Employment of the passed Students of the Mechanical Engineering School, Bangalore.

No. 5586-635—Edn. 19-15-65, dated 4th April 1916

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 5586-635—Edn. 19-15-65, dated 4th April 1916.

As a large number of students are under training in the Mechanical Engineering School, Bangalore, and the first batch of passed students will be available in the course of a few months, Government consider it necessary that some arrangements should be made to meet the requirements of the Railway, Electrical, Water Supply and Industries and Commerce Departments for new hands, from locally qualified candidates

2 With this end in view, the Inspector-General of Education is requested to maintain a list of passed students of the said school and furnish the same from time to time to the Heads of the respective Departments He is also requested to submit proposals for any special training required by the students for a particular department in consultation with the Head of the Department concerned

3 In making appointments in the departments referred to, preference should be given to local men and to students passing out from local institutions

NOTICE.

Training in Sericulture.

1. Applications are invited from natives of Mysore by birth or domicile who have passed the B.A. Degree Examination in Zoology and Botany or Physical Science, for being trained in sericulture.

2. The age limit will be 30 in the case of persons who are already in the Mysore Service and 25 in the case of others.

3. The selected candidate will be trained in the growth of mulberry and sericulture for a period of one year in the State.

4. During the period of the above training, the candidate will be awarded monthly a stipend of Rs. 75 to Rs. 100 according to qualifications and he will, on satisfactory completion of the period of training, be employed suitably or awarded a foreign scholarship and deputed for further training abroad.

5. The candidates may be subjected to a practical examination, and the selection will be made by a Board consisting of the Inspector-General of Education, the Director of Agriculture and the Secretary, Economic Conference.

6. The scholarship is liable to be forfeited at any time, if the candidate does not show satisfactory progress.

No. 5849-97—A. & I. 140-15-5, DATED 13TH APRIL 1916.

7. Applications should be sent in the accompanying form and should reach the undersigned on or before the 15th of May 1916.

By Order,
P. G. D'SOUZA,
Offg. Secy. to Govt., Depts. of Edn. and Agri.

Chamber of Commerce.

No. 6119-67—A. & I. 159-15-3, DATED 25TH APRIL 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 1932, dated 11th February 1916, from the Secretary, Mysore Economic Conference, forwarding for orders copy of letter No. 1844, dated the 8th idem, from the Secretary, Industries and Commerce Committee, submitting a copy of the resolution of the Committee in regard to the concessions that may be granted by Government for the formation of a Chamber of Commerce in the State.

(Printed as an appendix.)

Order No. 6119-67—A. & I. 159-15-3, dated 25th April 1916.

With a view to develop the trade and commerce of the State, the Industries and Commerce Committee propose the establishment of a Chamber of Commerce and the grant to it of certain concessions at the commencement so that it may be started under favourable conditions.

A Sub-Committee consisting of the Director of Industries and Commerce, the Secretary to the Industries and Commerce Committee, and Mr. B. K. Garudachar have worked out the details and drawn up rules and regulations, defining the objects and duties of the proposed Chamber of Commerce. The subject has been considered at a meeting of the Standing Committee of the Economic Conference and that body is also generally in favour of the scheme submitted by the Industries and Commerce Committee.

2. Government are glad that arrangements are being made to bring an organization of the kind into existence and consider that such an institution, if efficient, would be of great service in advancing the commercial interests of the people of the State. They are therefore pleased to approve of the recommendations of the Industries and Commerce Committee and sanction the grant of the following concessions to the proposed Chamber of Commerce :—

(*a*) A Government contribution of Rs. 1,000 towards the preliminary expenses of the Chamber.

(*b*) A grant not exceeding half the amount of the annual subscriptions, subject to a limit of Rs. 750 per annum, for a period of three years from the date of the formation of the Chamber.

(*c*) The Chamber will have the right of returning one member to—

(1) The Mysore Economic Conference,
(2) The Bangalore City Municipality, and
(3) The Industries and Commerce Committee of the Mysore Economic Conference,

provided there are not less than fifty members on the rolls of the Chamber on the day of election.

(*d*) The Chamber will be supplied with all copies of Government publications which are placed at the disposal of the Press, but are not available for purchase.

3. The grant of the concessions will be subject also to the following conditions :—

(1) The Chamber will be bound to undertake all investigations in matters relating to trade that may be required by Government.

No. 6119-67—A. & I. 159-15-3, DATED 25TH APRIL 1916.

(2) It should endeavour to start commercial associations and simila organisations affiliated to it in important business centres.

(3) It should prepare and publish a weekly market report for Bangalore an eventually a similar report for the whole State, a copy of the same being forwarde to the Secretary to Government, Departments of Education and Agriculture, th Director of Industries and Commerce, and the Secretary to the Industries an Commerce Committee.

(4) It should maintain a reading room and also open, as funds accumulate a library of commercial literature.

(5) The Chamber should submit once a quarter a brief report of work don by it and also a copy of its annual report to Government.

4. As the improvement of commercial education is one of the most import ant means for promoting trade, the Chamber will be expected to devote specia attention to the subject and co-operate with the Education Department wheneve necessary.

5. The question of allowing the Chamber of Commerce the privilege of return ing a member for the Legislative Council will be reserved for consideration afte the Chamber has been in existence for a year.

6. The Chairman, the Vice-Chairman, and the other members of the Manag ing Committee will be appointed by Government for the first year.

7. The Chamber will be an entirely independent body and will have n official relation with any department of Government. It will not be subject, i return for the assistance granted by Government, to any other obligations tha those already mentioned, nor liable to any interference from any department o Government so long as its functions are properly discharged.

8. Government are also prepared to lend to the Chamber the services of a capable officer of Government for a few years to assist the members to place th organisation on a thorough working basis.

9. The amount of the grant required for the current year will be met by re appropriation from the funds of the Industries and Commerce Committee or th General Conference and suitable provision for the grant-in-aid in future years will be made in the budget.

10. The Secretary, Industries and Commerce Committee, should report t Government the date on which the Chamber is formed and begins its work.

P. G. D'SOUZA,
Offg. Secy. to Govt., Depts. of Edn. & Agri.

To—The Secretary, Economic Conference.
The Comptroller, Mysore Government, through Branch II.
The Director of Industries and Commerce in Mysore.
The Secretary, Industries and Commerce Committee.
The Heads of other Departments.
The Deputy Commissioners of Districts.

Ad — C. R.

No. 6119-67—A. & I. 159-15-3, DATED 25TH APRIL 1916

APPENDIX.

No. 1932, dated Bangalore, 11—12th February 1916, from P. G. D'Souza, Esq., B.A., B.L., Officiating Secretary to the Mysore Economic Conference, Bangalore, to P. G. D'Souza, Esq., B.A., B.L., Officiating Secretary to Government, Departments of Education and Agriculture.

I have the honour to forward herewith for orders of Government copy of letter No. 1844, dated the 8th February 1916, from the Secretary, Industries and Commerce Committee, submitting copy of resolution passed by the Committee at its meeting held on the 28th January 1916 as regards the concessions that may be granted by Government to enable a Chamber of Commerce being formed on a satisfactory basis in the State.

A printed copy of the rules and regulations of the proposed Chamber of Commerce together with a copy of note embodying the concessions recommended by the Committee is also enclosed.

ENCLOSURE.

Copy of letter No. 1844, dated 8th February 1916, from the Secretary, Industries and Commerce Committee, to the Secretary, Mysore Economic Conference, Bangalore.

I have the honour to forward herewith copy of a resolution passed by the Committee at their last meeting, recommending the concessions that should be granted by Government to enable a Chamber of Commerce being formed on a satisfactory basis in the State. This subject was first considered at the meeting of the Committee held on the 18th December 1915 at which it was decided on a consideration of the notes prepared by Messrs. B. K. Garudachar and Vardhamanayya that as the wholesale trade in the more important articles of commerce in the State is in the hands of people not domiciled citizens of the State it was necessary to encourage the formation of a local Chamber of Commerce and to recommend Government to grant a few essential concessions to enable such a Chamber being started in a manner calculated to promote the commercial interests of the community. A Sub-Committee consisting of Messrs. Chatterton, Garudachar and the Secretary were appointed to prepare a scheme in accordance with the resolution of the Committee and also to draft the rules and regulations of the proposed Chamber of Commerce. Printed copies of the rules and regulations recommended by the Sub-Committee are enclosed herein and the Committee consider that the rules may be adopted. The Committee have made certain alterations in the concessions suggested to the proposed Chamber, chiefly with a view to making the concessions dependent on the Chamber being both self reliant and sufficiently representative of the trading community.

The printed note, copies of which are enclosed, embodies the concessions recommended by the Industries and Commerce Committee and defines the duties that should be imposed on the Chamber. The Committee are of opinion that if their suggestions meet with the approval of Government a Central Chamber of Commerce for the whole State will be satisfactorily established. The names of the Chairman, Vice-Chairman and the members of the Committee will be submitted to Government if the general recommendations are approved.

Proceedings of the 43rd meeting of the Industries and Commerce Committee held at the Public Office Buildings, Bangalore, on Friday the 28th January 1916.

III. Scheme for the establishment of a Chamber of Commerce :—

The Report of the Sub-Committee appointed to submit detailed proposals on the subject was considered. It was resolved by a majority that the following alterations be made in the concessions proposed to be granted to the Chamber :—

(1) Instead of the words "an annual grant of Rs. 750" in item (*b*) of the proposed concessions it was decided that "a grant of Rs. 750 or half the amount of the annual subscription whichever may be less" should be substituted.

(2) The right of returning a member to the Mysore Legislative Council and other public bodies referred to in item (*c*) should be dependent on the Chamber having on its rolls not less than fifty members on the day of election.

(3) Instead of the words "Industries and Commerce Committee of the Mysore Economic Conference" in item (*c*), clause (3) it was decided that the words "The Mysore Economic Conference and the Industries and Commerce Committee" be substituted.

It was decided that with the alterations referred to above the entire proposals of the Sub-Committee be recommended to Government for approval.

NOTE ON THE CHAMBER OF COMMERCE.

At the meeting of the Industries and Commerce Committee held on the 18th December 1915, it was decided after a perusal of the Notes on a Chamber of Commerce for the Mysore State prepared by Messrs. Garudachar and Vardhamanayya that owing to the peculiar conditions of trade in Bangalore and other parts of the State, some financial concession should be granted by Government to enable a Chamber of Commerce being started on a satisfactory basis.

No. 6119-67—A. & I. 159-15-3, dated 25th April 1916.

It was decided that Government should be recommended to make a grant for the preliminary expenses connected with the formation of the Chamber and that an annual subsidy should also be paid in aid of the finances of the Chamber.

The Committee appointed a Sub-Committee consisting of Messrs. Chatterton, Garudachar and the Secretary to frame a set of rules for the proposed Chamber and determine definitely the concessions that should be recommended to Government.

The Sub-Committee consider that the rules and regulations attached to this Note which are based on the rules in force in the Aden Chamber of Commerce, with such modification as appeared advisable, may be provisionally adopted in the Mysore Chamber of Commerce. The rules of the Aden Chamber have been adopted as being suited to a locality that has not reached a high stage of commercial development.

The Sub-Committee consider that the following concessions and privileges should be granted to the Chamber :—

(*a*) A sum of Rs. 1,000 should be granted towards the preliminary expenses of the Chamber.

(*b*) A grant of Rs. 750 or half the amount of the annual subscription whichever may be less should be made in aid of the finances of the Chamber for a period of three years from the date of the formation of the Chamber.

(*c*) On condition of there being on the register of the Chamber not less than 50 members on the day of election, the Chamber will have the right of returning one member to each of the following bodies, —(1) Mysore Legislative Council, (2) Bangalore Municipality, (3) Mysore Economic Conference and (4) Industries and Commerce Committee of the Mysore Economic Conference It is necessary that these privileges should be granted from the start not only to enable the Chamber to realise its responsibilities in matters relating to trade and industry but also to make it possible for it to command sufficient influence among the entire mercantile community.

(*d*) The Chamber should be entitled to a copy of all the publications of Government which are thrown open to the press but which are not available for purchase.

The duties of the Chamber should be as follows :—

1. The Chamber shall be bound to prepare and publish a weekly market report for Bangalore on the lines of the report prepared by the Madras Chamber of Commerce. A copy of the report should be forwarded to the following officers :—

1. The Secretary to Government.
2. The Director of Industries and Commerce.
3. The Secretary, Industries and Commerce Committee.

2. The Chamber shall maintain a reading room and also open as funds accumulate a Library of Commercial literature.

3. The Chamber shall also undertake all investigations in matters relating to trade that may be required of it by Government.

4. With a view to enable the Chamber to be started in a satisfactory manner, the Chairman, the Vice-Chairman and the other members of the Managing Committee should be appointed by Government only for the first year.

5. The Sub-Committee consider that the Chamber of Commerce should have no official connection with any department of Government. It should be an entirely independent body, and in return for the assistance granted by Government, should be under no other obligations than those already mentioned.

BANGALORE CHAMBER OF COMMERCE.

Rules and Regulations.

I. The object and duties of the Chamber shall be to encourage a friendly feeling and unanimity among commercial men on all subjects involving their common good, to promote and protect the general mercantile interests of this State; to collect and classify information on all matters of general commercial interest; to obtain the removal, as far as such a society can, of all acknowledged grievances affecting merchants as a body, or mercantile interests in general; to receive and decide references on matters of usage and custom in dispute, recording such decisions for future guidance, and by this and other means assisting to form a code of practice for simplifying and facilitating business; to communicate with the public authorities, with similar associations in other places, and with individuals on all subjects of general mercantile interest; and to arbitrate between parties willing to refer to, and abide by, the judgment of the Chamber.

II. All persons engaged or interested in mercantile pursuits, desirous of joining the Chamber, and disposed to aid in carrying into effect the objects of the same, may be elected members provisionally by the Committee, but that election is subject to confirmation at the next general meeting of the Chamber.

III. There shall be two classes of ordinary members (1) Resident, (2) Moffusil; members of firms residing in or doing business in Bangalore shall be resident members, and members residing outside Bangalore shall be eligible for membership as moffusil members.

No. 6119-67—A. & I. 159-15-3, DATED 25TH APRIL 1916.

IV. One-fourth of the firms constituting the Chamber shall be held sufficient to form any General Meeting when the same has been regularly called together, one partner representing a firm, but two or more partners of one firm being present only to count as one member of the Chamber. That fourteen clear days' notice shall be given before any resolution proposing changes in the Rules of the Chamber be brought forward, and that such notice be given in writing to the Secretary, who shall circulate it for the information of the members of the Chamber.

V. The Chamber reserves to itself the right of expulsion in case of need, to be decided at a General Meeting by a majority of three-fourths of the members present at such General Meeting duly convened.

VI. A member shall be deemed to be disqualified if

(*a*) he becomes insolvent,

(*b*) he fails to discharge his subscription for a period extending over twelve months,

(*c*) he is convicted of a cognisable offence in a Court of Law.

VII. The subscription of each resident member shall be Rs. 15 per annum and of each moffusil member Rs. 6 per annum.

VIII. The affairs and funds of the Chamber shall be managed by a Committee of eleven members, of whom one shall be Chairman and another Vice-Chairman; the Chairman shall be *ex-officio* Chairman of the Committee, and in his absence the Vice-Chairman shall take his place. Five to be a quorum.

IX. The following shall be the rules with respect to the election of the Committee:—

1. The Committee shall consist of eleven members, one of whom shall hold the office of Chairman, and another that of Vice-Chairman, the two last named being elected by ballot.

2. A ballot for the election of Chairman and Vice-Chairman shall take place annually between the 1st and 20th December in each year, as may be fixed by the Committee. The new Committee shall take office on the 1st of January in each year, and continue to act until the 31st December following. Should any delay take place in the election of the new Committee, the retiring Committee shall hold office until the new Committee is formed.

3. In order that the various interests connected with the Chamber may be fully represented on the Committee there shall not be more than two members on the Committee representing the same kind of business and not less than seven of the members on the Committee shall be domiciled subjects of His Highness the Maharaja.

4. Two members of one firm shall not be on the Committee at the same time.

5. No member of the Chamber shall give more than one vote for a candidate.

6. The Secretary of the Chamber shall circulate among the members the names of all the gentlemen who are eligible for election, seven clear days before the election takes place.

7. The retiring Committee shall appoint one day for the election of Chairman and Vice-Chairman, which shall be duly advertised, upon which the balloting shall take place. The ballot-box shall be opened from 10 A.M. to 6 P.M. on that day.

8. The voting shall be by papers deposited in the ballot-box on the day appointed by the Committee.

9. The retiring Committee shall appoint two scrutineers, who, at 6 P.M. on that day, shall open the box and declare the result.

10. Separate nominations to be made for the offices of Chairman and Vice-Chairman in the ballot papers, and whoever holds the largest number of votes for each office to be considered duly elected to the same; in the event of the gentleman at the head of either of the lists refusing to act, the gentleman having the next largest number of votes shall be appointed.

11. In the event of an equality of votes preventing the due election of a Chairman, or Vice-Chairman, the members of the Chamber shall vote afresh in the manner above laid down.

12. The members of the new Committee shall be elected at a General Meeting held for the purpose.

13. In the event of a vacancy in the Committee the remaining members shall have the power of filling it up, unless it be a vacancy in the Chairmanship or Vice-Chairmanship, which shall in all cases be the subject of a special ballot.

14. Those eligible for seats on the Committee are partners in firms who are members or managers holding powers of attorney; the officers in charge of banking and mercantile establishments; the representatives of Joint-Stock Companies; and those who are members in their own right.

X. All questions before the Committee shall be decided by a majority; the Chairman having a second or casting vote in case of an equality of votes.

XI. The Committee shall meet on such day as may be found by them most convenient of every week, to receive and dispose of all communications and references, and take under their consideration generally all matters embraced in the objects of the Chamber; the proceedings of the Committee shall be recorded in a Minute Book to be kept in the office of the Chamber, and shall be open to the inspection of all members, subject to such regulations as the Committee may make in this behalf.

XII. General Meetings of the Chamber shall be held quarterly and at such other times as may be decided upon by the Committee, for the purpose of discussing any measures of public interest which may arise, and the Committee of the Chamber shall be entrusted with the selection of subjects

No. 6119-67—A. & I 159-15-3, DATED 25TH APRIL 1916

for discussion at such meetings and they shall give notice of the same to the members at least *seven days* before the meeting The Annual General Meeting shall be held in the month of January, on such day as the Committee for the time being shall direct, and *seven days* notice shall be given of such meeting A Special General Meeting shall be called by the Chairman or in his absence by the Vice Chairman within seven days after the receipt of a requisition from any three members of the Committee, but a majority of members qualified to vote at a meeting shall be required to constitute such General Meeting All General Meetings of the Chamber shall be advertised by circular notice.

XIII The Committee are authorised to provide suitable accommodation for the meeting of the Chamber, to pay all expenses of the establishment, and to control generally the management of the affairs of the Chamber

XIV All moneys or funds of the Chamber as received shall be paid into the Bank of Mysore and the same shall be available by cheques signed by the Chairman or in his absence by the Vice Chairman, and by one other member of the Committee and an Auditor shall be appointed by the members annually to audit the accounts of the Chamber

XV The appointment of a Secretary and his office staff and the fixing of their salaries shall be made and done by the Committee and it shall be the duty of such Secretary to keep the records and accounts of the Chamber, to collect subscriptions, to conduct correspondence, and to act generally under the direction of the Committee

XVI Any stranger, engaged or interested in mercantile pursuits visiting Bangalore may be introduced by any member of the Chamber inserting his name in a book to be kept for the purpose but a residence of two months shall subject him to the rule for the admission of members

XVII "HONORARY MEMBERS —Gentlemen distinguished for public services or eminent in commerce and manufacture, may be elected Honorary Members of the Chamber, and as such shall be exempted from paying subscriptions

XVIII An annual Report of the proceedings shall be made and copies sent to the similar Associations in India and elsewhere

XIX The foregoing Rules shall be added to or altered only by a majority of members of the Chamber at one meeting and confirmed at a succeeding meeting

Educational Statistics.

No. 6060-4—A. & I. 193-14, DATED 19TH APRIL 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 3502-526—A. & I. 193-14-1, dated 23rd March 1915, stating that the existing system of collecting and compiling the statistics in the State requires improvement and entrusting the work of the Educational Statistics to the Education Committee of the Economic Conference.

2. Letter No. 2636—E. C., dated 31st May 1915, from the Secretary to the Education Committee of the Economic Conference, submitting copy of the report of the Sub-Committee formed for the preparation of forms for collecting educational statistics and a set of 125 forms arranged under 11 heads (printed in extenso).

3. Unofficial Note dated 8th September 1915, by the Inspector-General of Education in Mysore on the same subject.

4. Correspondence ending with letter dated 23rd September 1915, from the Secretary to the Education Committee of the Economic Conference submitting his remarks on the suggestions of the Inspector-General of Education and requesting sanction to an annual provision of Rs. 200 for employing two or three temporary clerks for one or two months to assist the clerks engaged in the work of compilation.

ORDER No. 6060-4—A. & I. 193-14, DATED 19TH APRIL 1916.

The forms and their arrangement under 11 heads are approved. These forms will be in supersession of those now in use. The Inspector-General of Education is requested to take needful steps to have all the statistics collected under the revised system with effect from the next official year. He should arrange with the Superintendent, Government Press, for printing the required number of forms and issue necessary instructions to his subordinate officers for collecting information under the several heads.

2. A provision of Rs. 200 will also be made each year for a period of three years for employing temporary clerks for the compilation of the statistics, in the Office of the Inspector-General of Education. The charge during the current year will be met by reappropriation of the sanctioned grants of the Education Committee for 1915-16.

3. The Inspector-General of Education is also requested to maintain in the Statistical Section of his office comparative statistics of conditions in Mysore and British India and five or six selected advanced countries outside India.

P. G. D'SOUZA,
Offg. Secretary to Government,
Departments of Education and Agriculture.

To—**The Inspector-General of Education.**
The Secretary, Economic Conference.
The Secretary, Education Committee of the Economic Conference.
The Comptroller, through Br. II.
The Superintendent, Government Press.

No. 6060-4—A. & I. 193-14, DATED 19TH APRIL 1916.

Letter No. 2636—E. C., dated the 31st May 1915 (Encs. 1 report and a statement with forms) from the Secretary, Education Committee, to C. S. Balasundaram Iyer, Esq., B.A., *Secretary to Government, Departments of Education and Agriculture, Bangalore.*

With reference to correspondence ending with your letter No. 4918—A. & I. 193-14-7, dated the 19th May 1915, regarding the submission of the report on educational statistics as directed in Government Order No. 3502-526—A. & I. 193-14-1, dated the 23rd March last, I am directed to state that the Sub-Committee appointed for the purpose of preparing suitable forms, etc., met on six days and sent in their final report and the forms which were considered and *provisionally* accepted by the Central Committee at their meeting held on the 22nd instant.

I am directed to submit herewith, as resolved by the Committee a set of forms arranged under 11 heads with a copy of the Sub-Committee's report which contains their recommendations on the points mentioned in para 4 of the Government Order referred to above.

REPORT OF THE SUB-COMMITTEE FORMED FOR THE PREPARATION OF FORMS FOR COLLECTION AND PRESENTATION OF EDUCATIONAL STATISTICS.

A Sub-Committee consisting of Messrs. C. Krishna Rau and N. S. Subba Rao was appointed at the meeting of the Education Committee held on the 26th April 1915. It was intimated that the forms were required to be submitted by the 15th May, but when some progress was made, it was found necessary to ask for an extension of the time limit, and on application the Sub-Committee was permitted to finish the work by the end of the month.

The Sub-Committee met on the 3rd and 4th May, 10th and 11th May and on the 21st of the same month and again on the 22nd morning. It had at its disposal the following reports, etc., for reference:—

(1) The reports of the Education Department of the Government of India.
(2) The reports of the Board of Education (England).
(3) The reports of the Commissioner of Education (United States of America).
(4) Statistical Organisation of Hungary and the German Empire.
(5) Reports of the Department of Public Instruction in Mysore.

It was suggested that the forms used by the International Statistical Congress should be adopted, but owing to the short time allotted for presentation of the report, it was not possible to obtain the necessary materials from abroad.

In submitting the appended forms, the Sub-Committee desire to make the following observations:—

(*a*) It has been the aim to make the information obtained as full as possible, and for this purpose not only have the collection forms been made comprehensive but the information obtained is also sought to be presented in a variety of ways according as the point of view is different.

(*b*) The agency responsible for the collection of the information will be the heads or managers of the various educational institutions and this will entail no additional expenditure, as they are already filling up the forms sent out by the Department.

(*c*) The compilation and publication of the information have been in the hands of the Department of Public Instruction. In the opinion of the Sub-Committee, this task may either rest where it has been so far, or allotted to a Central Statistical Department. Either practice obtains in one or other of the great countries of the West. But it is the opinion of the Sub-Committee that the work should be supervised by one trained in statistical work and methods. Local conditions emphasise the remarks made with reference to the Statistical Bureau of the United States of America. "It has lacked an adequate staff of skilled statisticians capable of understanding the purpose of an investigation and of directing the work of the clerks under the general supervision of the Chief, of making the most intelligent use of the data collected by the District Agents and of preparing lucid text which tells what the tables mean" (Prof. Mitchell at the Joint Meeting of the American Statistical and Economic Associations, December 30, 1914). It is doubtful whether the Education Department by itself can furnish enough work for a full-time Statistician, and therefore it is a question for consideration by the Government whether statistical work as a whole should not be centralised and placed in charge of a full-time officer trained for the work.

ABSTRACT OF RECEIPTS AND EXPENDITURE FOR 191 —

1. Name of Institution in full—

2 Station—

3 Standard of Institution

4 Whether Government, Municipal, Aided or Unaided—

The official year begins on the 1st July and ends on the 30th June following The receipts and charges are for the period between those two dates.

Managers of Aided Institutions are requested not to include in the statement any part of the grant not drawn from the Public Treasury between the 1st July and 30th June, though it may be for one of the months of the year to which the statement relates, but to carry it to the accounts of the following year. A note should be added in the column of Remarks to explain any excess over or deficiency from the full amount of the sanctioned grant for the year.

This return should be sent direct to the Office of the Inspector-General of Education in Mysore, *by the 5th July.*

Special note for the guidance of Managers and Headmasters of Secondary Schools.

In institutions in which there are more departments than one (for instance in High Schools with classes other than the three High School forms or in Middle Schools with Elementary classes attached) returns should be sent separately for each department or section.

Abstract of Receipts and Expenditure during the year 191 .

RECEIPTS	Amount	Remarks	EXPENDITURE	Amount	Remarks
I. Receipts from—			Teaching staff		
(*a*) Regular fees			Gymnastic Instructor		
(*b*) Entrance fees			Drawing Master		
(*c*) Penal fees			Sloyd Instructor		
(*d*) Sports fees			Writer		
(*e*) Library fees					
II. Interest on Endowment — General . . / Special . / Scholarships			Servants		
			Ordinary contingencies .		
			Rent		
III. Subscriptions and donations — General . . / Special ...			Library		
			Reading room		
			Prizes		
IV. Receipts from—			Science apparatus		
(*a*) Provincial .. — General ... / Special ... / Scholarships			Other apparatus, maps, class books, etc. .		
			Scholarships		
			Repairs and up-keep		
			New buildings		
(*b*) Municipal Fund — General .. / Special / Scholarships			Outlay not falling under the above heads		
			(1) Games and Physical exercise..		
			(2) Manual Instruction . .		
(*c*) Local Funds . — General . . / Special .. / Scholarships			(3) Drawing		
			(4) Gardening		
V. Other sources					
Total . .			Total ...		

The total of receipts and expenditure should balance exactly. If the expenditure exceeds the receipts, the difference should be put under "Receipts from other sources. If the receipts exceed the expenditure, the difference should be put under "Outlay not falling under the above heads," and a note added to explain it

Under "Special" should be entered all receipts on account of furniture, apparatus, buildings, etc, the nature and amount of each being specified in the column of Remarks Receipts on account of Manual instruction and physical exercise should be shown separately Expenditure under those heads should be shown under outlay not falling under the above heads.

Item III should include receipts from the pupils and the public.

No. 6060-4--A. & I. 193-14, DATED 19TH APRIL 1916.

No. 111]

Edn. 17]

ABSTRACT OF RECEIPTS AND EXPENDITURE FOR 191 —

1. Name of Institution in full—

2. Station—

3. Standard of Institution—

4. Whether Government, Municipal, Aided or Unaided—

The official year begins on the 1st July and ends on the 30th June following. The receipts and charges are for the period between those two dates.

Managers of Aided Institutions are requested not to include in the statement any part of the grant not drawn from the Public Treasury between the 1st July and 30th June, though it may be for one of the months of the year to which the statement relates, but to carry it to the accounts of the following year. A note should be added in the column of Remarks, to explain any excess over or deficiency from the full amount of the sanctioned grant for the year.

This return should be sent direct to the Office of the Inspector-General of Education in Mysore, *by the 5th July*.

Special note for the guidance of Managers and Headmasters of Secondary Schools.

In institutions in which there are more departments than one (for instance in High Schools with classes other than the three High School forms or in Middle Schools with Elementary classes attached) returns should be sent separately for each department or section.

NAME OF INSTITUTION.....

Abstract of Receipts and Expenditure during the year 191 .

RECEIPTS	Amount	Remarks	EXPENDITURE	Amount	Remarks
I. Receipts from—			Teaching staff		
(a) Regular fees			Gymnastic Instructor		
(b) Entrance fees			Drawing Master		
(c) Penal fees			Sloyd Instructor		
(d) Sports fees			Writer		
(e) Library fees					
II. Interest on Endowment — General ... / Special . . / Scholarships			Servants		
			Ordinary contingencies		
			Rent		
III. Subscriptions and donations. — General ... / Special ...			Library

No. 6060-4—A. & I. 1913-14, DATED 19TH APRIL 1916.

Cash Grant.

No. 2484-7—Muz. 189-12-12, dated 15th April 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ AGAIN—

Government Proceedings No. 1235-47, dated 24th August 1906, sanctioning a cash grant of Rs. 50 per mensem to the Bababudanswami's Darga on the Bababudan Hills in the Chikmagalur Taluk.

2. Government Proceedings No. 2927-30—Muz. F. 33 of 1901, dated 21st December 1907, sanctioning the increase of the grant to Rs. 100 per mensem.

3. Memorials dated 19th August 1912, and 19th January 1914, from Syed Murthuja Sha Khadri, Sajjada of Sri Guru Dattatreya Bababudan Swami Pita, representing that the said grant was inadequate for the growing needs of the Darga, and praying that the existing grant may be suitably enhanced.

4. Correspondence ending with letter No. 174, dated 18th September 1915, from the Deputy Commissioner, Kadur District, reporting on the subject.

Order No. 2484-7—Muz. 189-12-12, dated 15th April 1916.

The Dattatreya Pita otherwise known as Bababudanswami's Darga on the Bababudan Hills, Chikmagalur Taluk, is endowed with the Inam villages of Suruguppe and Attigundi and enjoys besides a cash grant of Rs. 1,200 per annum.

2. Murthuja Sha Khadri, the present Sajjada of the Darga, represents that even the present income of the Darga is inadequate; that, owing to the established practice of feeding at the Darga all devotees who now flock in large numbers under the increased facilities of communication he has had to meet the excess cost from his own private resources and prays that an additional grant of Rs. 2,500 per mensem may be made so as to place the institution on a satisfactory footing.

3. In doing so the Sajjada has again brought forward the alleged claim of the Darga to the sandalwood revenue of the inam village of Suruguppa and alludes also to the Darga's original ownership of Dasarahalli village, which was resumed by Government about a century ago. The claim to sandal revenue has more than once been decided against the Darga and the Government see no reason to reopen the question. On the Sajjada's own showing, there cannot be any valid claim existing as regards the village of Dasarahalli.

4. An enquiry was, however, instituted as to whether the expenses of feeding pilgrims have increased to such an extent as to render it impossible for the Sajjada to keep up the charity without further pecuniary help from Government. As the result of such an enquiry tested by a scrutiny of accounts and assemblage of pilgrims, Government are satisfied that the present income of the Darga is not sufficient to meet the reasonable expenses of the charity in addition to the Darga's own requirements and that some additional help is required to place the former on a satisfactory footing.

5. Government are accordingly pleased to increase, as a special case, the existing cash grant of Rs. 100 to Rs. 150 per mensem with effect from 1st July 1916. The Comptroller to Government is requested to include the sanctioned additional sum of Rs. 600 per annum in the Muzrai budget of the year 1916-17, as a grant from State Funds and to provide for the whole grant of Rs. 1,800 per annum in the budgets of future years.

No. 2484-7—Muz. 189-12-12, dated 15th April 1916.

6. The Superintendent of Inam Settlements is requested to register the additional grant now sanctioned in the name of the institution and issue a fresh title-deed therefor.

Capital and Revenue Accounts of Irrigation Works.

No. 695-707—P. W. 3250-62, DATED 7TH APRIL 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

READ AGAIN—

Government Order No. 1387-90—10821-4, dated the 24th December 1910, approving of the proposal of the Chief Engineer, regarding the maintenance of Capital and Revenue Accounts of Irrigation Works in the State and requesting that officer to prepare, in consultation with the Revenue Commissioner and the Comptroller, the necessary rules and forms for maintaining the accounts and submit the same for the orders of Government.

READ—

(1) Correspondence ending with letter No. 2213—B. 509, dated the 14th November 1913, from the Comptroller to Government, expressing his views on the rules and forms proposed by the Chief Engineer and the classification of works for which the accounts should be maintained, and suggesting certain additions to and alterations in the forms.

(2) Correspondence ending with letter No. 7409, dated the 15th December 1913, from the Revenue Commissioner, expressing his views in the matter and indicating the particulars which may be furnished by the Revenue Department for compiling the accounts, with suggestions for omitting certain columns in the forms.

(3) Note No. D. 508, dated the 17th December 1913, by the Secretary, Public Works Department, submitting modified rules and forms and indicating the method of compiling and maintaining the accounts.

Order No. 695-707—P. W. 3250-62, dated 7th April 1916.

The necessity for maintaining Capital and Revenue Accounts of Irrigation Works having been already explained in the Government Order read above, Government are pleased to approve of the following rules and the appended forms for preparing the accounts.

Rules.

(i) Administrative Accounts of Irrigation Works should be compiled by the Comptroller, Public Works Branch, simultaneously with the preparation of the annual Finance Accounts.

(ii) All irrigation works will be classified for the purpose into three classes as follows:—

(a) *Works for which Capital and Revenue Accounts are kept as detailed below*:—

(1) All works already in existence, the exact capital outlay on which is ascertainable and amounts to Rs. 25,000 or more.

(2) All works already in existence, the exact capital outlay on which is ascertainable and amounts to less than Rs. 25,000, but which yield an annual revenue of Rs. 1,000 or more in each case.

NOTE.—Extensions of works of the above two kinds should be treated as additions to the works proper and the results of the entire works taken into account as a whole.

(3) All new works constructed hereafter at a cost of Rs. 25,000 or more, irrespective of the annual revenue which each work may yield.

(4) All new works constructed hereafter, whatever the capital cost may be, which yield an annual revenue of Rs. 1,000 or more.

(5) Extensions costing Rs 25,000 or more, of old works, for which particulars of capital outlay are not ascertainable. Such extensions may be treated as new works, taking for the revenue receipts of such works the increase over the previous income, and for revenue expenditure, the charges relating to the extension works alone.

(6) Such of the extensions of old works not falling under (1) and (2) as cost less than Rs. 25,000 but yield an annual revenue of Rs. 1,000 or more.

(*b*) *Major Works for which Revenue Accounts are kept.*—These will include works which yield a revenue of over Rs. 300 each, excluding those shown under class (*a*).

(*c*) *Minor Works for which Revenue Accounts are kept.*—These will include all works which yield a revenue of Rs. 300 or less each.

(iii) The accounts which will be maintained will be of three kinds :—

(1) General abstract of financial results in Form I.
(2) Capital Account in Form II.
(3) Revenue Account in Form III.

Accounts in the three forms should be maintained for all works falling under class (*a*), and only accounts in Form III with suitable changes in headings, wherever necessary, for works falling under classes (*b*) and (*c*).

The accounts for individual works falling under class (*a*) will be compiled by the Comptroller, Public Works Branch, from particulars of estimates and of outlay relating to them available in his office and from other particulars to be furnished by the Revenue Department.

The Revenue Accounts for individual works of all the three classes (*a*), (*b*) and (*c*) should be maintained in the Taluk Offices and similar accounts for works of class (*b*) in the District Offices also. The consolidated account for works of the last two classes should be prepared annually by the Comptroller, Public Works Branch, the results being grouped together by districts.

(iv) The rules in the Public Works Code will be followed, as far as possible, except in regard to the rate of interest charged on capital outlay which will be uniformly four per cent.

2. For calculating the irrigation revenue to be shown in column 10 of Form I and column 5 of Form III, one-fifth of the consolidated wet assessment should be taken as actual land revenue and the remaining four-fifths as the irrigation revenue. The irrigation cess collected on lands under each irrigation work should also be treated as part of irrigation revenue. Information under these heads should be furnished by the Taluk Amildar.

3. *Form II, Column 7.—Acreage Contribution from Raiyats.*—As a monthly list of the amounts of contribution received in every Taluk Treasury is furnished to the District Treasury, the Taluk Office can easily furnish particulars of the irrigation works for which these contributions have been received. Shanbhogs should also be instructed to enter in the Khate the name of the irrigation work concerned, whenever contribution forms part of the demand against the Khatedar. No additional column need be opened in the Khate for this purpose, collections, if any, being brought under "other items" in column 21 of that account.

4. *Form II, Column 8.—Sale proceeds of Government Waste Lands.*—Under the head "increase" in the Jamabandi goshwar, the sale proceeds from darkhasts in respect of wet and dry lands should be entered separately, necessary information being furnished by the Taluk Office. The figures for this column can easily be taken therefrom.

5. *Form III, Column 4.—Deduct average Land Revenue.*—As stated in paragraph 2 above, one-fifth of the consolidated wet assessment should be taken as the land revenue and entered in this column.

No. 695-707—P. W. 3250-62, DATED 7TH APRIL 1916.

6. *Form III, Column 6.—Share of Collection Charges.*—The share of collection charges should be taken at five per cent of the revenue of such works.

7. *Form III, Column 7.—Water Distribution Staff.*—The Comptroller is of opinion that, if there is a water distributing establishment for each work, the inclusion of the cost thereof in the Revenue Account of each irrigation work, is simple and that, if the same establishment attends to the work in more than one taluk, the cost thereof may be apportioned among the works in the ratio of the irrigation revenue derived from them. This suggestion is approved.

8. *Form III, Column 19.—Total irrigable area.*—This information should be collected from the Village Account Form No. 3 B (Atchkat Register) prescribed in Government Order No. R. 747-57—L. R. 44-98-4, dated the 18th July 1905.

9. *Form III, Column 20.—Total irrigable area under occupation.*—The information required can be compiled from Village Account Forms Nos. 3 C and 3 D.

10. In adopting Form III for works falling under class (*c*), column 7 "Water Distribution Staff" may be omitted, as the distribution of water is made by Nirgantis, who either hold inam lands or are paid *miras* by the raiyats.

11. The necessary instructions for preparing each of the three forms of accounts above referred to should be printed on the back of the forms for the guidance of the officials concerned.

12. As the chief difficulty in giving effect to these rules would be the preparation of a preliminary set of accounts, the first step necessary is to get at once a correct list of irrigation works falling under the three classes prepared for each taluk and district. The Revenue Commissioner is requested to do this in consultation with the Comptroller, Public Works Branch. Simultaneously with the preparation of the lists, arrangements should be made to collect all available information as regards each work and both the Revenue Department and the Comptroller, Public Works Branch, should co-operate in this respect, and they will be held jointly responsible for the correct preparation of the first set of accounts as regards all the three classes of works in each taluk and district. Any additional establishment that may be required for collecting particulars for compilation of the first account, and for preparing annually the individual accounts for works of class (*a*), for supplying information to Districts and Taluks about works of classes (*b*) and (*c*) and for compiling the consolidated account for all classes of works, may be entertained in the Comptroller's Office after obtaining the sanction of Government. Government will also be prepared to sanction for each district, for a period not exceeding one year, an establishment of Accountants at a cost not exceeding Rs. 100 per mensem to prepare the preliminary accounts. Once the accounts are prepared, there should be no further difficulty in maintaining them from year to year.

NOTES.—I. This form will be used for compiling statistics in respect of the following works :—

Class (a) Works.

(1) All works already in existence, the exact capital outlay on which is ascertainable and amounts to Rs 25,000 or more

(2) All works already in existence, the exact capital outlay on which is ascertainable and amounts to less than Rs. 25,000 but which yield an annual revenue of Rs. 1,000 or more in each case.

NOTE.—Extensions of works of the above two kinds should be treated as additions to the works proper and the results of the entire works taken into account as a whole

(3) All new works constructed hereafter at a cost of Rs. 25,000 or more, irrespective of the annual revenue which each work may yield.

(4) All new works constructed hereafter, whatever the capital cost may be, which yield an annual revenue of Rs 1,000 or more.

(5) Extensions costing Rs. 25,000 or more, of old works, for which particulars of capital outlay are not ascertainable. Such extensions may be treated as new works, taking for the revenue receipts of such works, the increase over the previous income, and for revenue expenditure, the charges relating to the extension works alone.

(6) Extensions costing less than Rs. 25,000 but yielding an annual revenue of Rs. 1,000 or more, of old works, for which particulars of capital outlay are not ascertainable.

Class (b) Works.

(7) All major works which yield a revenue of over Rs. 300 each (excluding those shown under class (*a*) above) and for which Revenue Accounts are kept.

No. 695-707—P. W. 325-42, DATED 7TH APRIL 1916.

Class (c) Works.

(8) All minor works which yield a revenue of Rs. 300 or less each and for which Revenue Accounts are kept.

NOTE.—In preparing the accounts for works falling under classes (*b*) and (*c*), the headings in the form should be suitably changed wherever necessary.

II. The Revenue Accounts for individual works of all the three classes (*a*), (*b*) and (*c*) should be maintained in the Taluk Offices and similar accounts for works of class (*b*) in the District Offices also. The consolidated account for works of the last two classes should be prepared annually by the Comptroller, Public Works Branch, the results being grouped together by districts.

III. One-fifth of the consolidated wet assessment should be taken as the average land revenue to be entered in column 4 and the remaining four-fifths as the irrigation revenue to be entered in column 5. The irrigation cess collected on lands under each irrigation work should also be treated as part of irrigation revenue.

IV. Column 6.—Share of collection charges.—The share of collection charges should be taken at 5 per cent of the revenue from the works.

V. Column 7.—Water Distribution Staff.—If there is a water distributing establishment for each work, the cost thereof should be included in the Revenue Account of each irrigation work and if the same establishment attends to the work of more than one taluk, the cost thereof may be apportioned among the works in the ratio of the irrigation revenue derived from them.

VI. The total irrigable area to be entered in column 19 should be collected from the Village Account Form No. 3. B (Atchkat Register) prescribed in Government Order No. R. 747-57—L. R. 44-98-4, dated the 18th July 1905.

VII. The total irrigable area under occupation to be entered in column 20, should be collected from the Village Account Forms Nos. 3C and 3D.

VIII. In adopting this Form for works falling under class (*c*) "Column 7, Water Distribution Staff" should be omitted.

Cash Security to be furnished by Marahmat Head Clerks.

IV Installation of the Cauvery Power Scheme.

No. 334-8—C. P. S., DATED 6TH APRIL 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

READ AGAIN—

Government Proceedings (P. W.) No. C. 13-19—84-90, dated the 12th October 1911, conveying sanction to the construction of the first stage of the Cauvery Reservoir and the Fourth Installation of the Cauvery Power Scheme.

2. Government Proceedings (P. W.) No. 1027-33A—6586-92A, dated the 7th August 1912, directing that a detailed estimate be submitted for the Fourth Installation of the Cauvery Power Scheme.

READ—

3. Government Proceedings (P. W.) No. 377-82—C. P. S., dated the 5th September 1912, according sanction to a detailed estimate amounting to Rs. 14,83,494 (including the credit to be given to the materials to be removed) for the Fourth Installation of the Cauvery Power Scheme.

4. Note No. 29—C. P. S., dated the 5th March 1915, by the Secretary, Public Works Department, submitting, for sanction, a revised estimate amounting to Rs. 21,24,925 for the Fourth Installation Works.

5. Further Note No. 85—C. P. S., dated the 14th June 1915, on the same subject.

Order No. 334-8—C. P. S., dated 6th April 1916.

A detailed estimate amounting to Rs. 14,83,494 was sanctioned in Government Order No. 377-82—C. P. S., dated the 5th September 1915, for the Fourth Installation of the Cauvery Power Scheme. As the estimate was found incomplete in many respects, the Chief Electrical Engineer has submitted a revised estimate amounting to Rs. 21,24,925, resulting in an excess of Rs. 6,41,431.

2. The excess is reported to be due partly to certain new items of work that had to be undertaken and partly to increased provision required under some of the sanctioned heads. They are grouped as under :—

	Rs.
(*a*) Excess on works already provided for in the sanctioned estimate ...	94,155
(*b*) New items yet to be undertaken but now included in the revised estimate	1,61,635
(*c*) Excess on ocean freights on account of war risk, insurance, customs, etc., which could not be foreseen	67,520
(*d*) Contingencies	36,860
(*e*) Improvements to channels and anicuts to admit of greater quantity of water being drawn for generating the additional power	1,17,965
(*f*) Miscellaneous items, tools, plant, establishment charges, etc. ...	1,63,296
Total ...	6,41,431

3. The excess of Rs. 6,41,431 over the sanctioned estimate amounts to 43·24 per cent, but the greater part of this extra expenditure represents a portion of the outlay on the Fifth Installation, and, taking the Fourth and Fifth Installations together, the initial outlay per Horse Power will not be excessive. The Government are therefore pleased to sanction the revised estimate amounting to Rs. 21,24,925.

4. The net amount of the revised estimate will be reduced to Rs. 13,24,225, as credit to the extent of Rs. 5,50,700 is expected to be afforded for the materials removed, and a lumpsum of Rs. 2½ lakhs spent on renewals of old machinery may be charged to the Cauvery Power Scheme "Depreciation Fund," after the completion of the works.

No. 334-8—C. P. S., DATED 6TH APRIL 1916.

5. As the Fourth Installation is practically completed, the accounts of the work should be closed and a completion report thereof submitted without delay.

KARPUR SHRINIVASRAO,
Secy. to Govt., Public Works Dept.

To—The Chief Electrical Engineer.
The Superintending Engineer, Cauvery Reservoir Works.
The Comptroller of Mysore.
The Comptroller, Public Works Branch.
The Financial Secretary to Government.

No. 383-7—C. P. S. DATED 17TH APRIL 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

READ—

Letter No 595, dated the 6th October 1915, from the Chief Electrical Engineer, submitting the Administration Report of the Electrical Department for the year 1914-15.

Order No. 383-7 –C. P. S., dated 17th April 1916.

The total grant for the year 1914-15 was Rs. 19,93,200 and the actual outlay incurred amounted to Rs. 17,91,903 as detailed hereunder:

Heads	Grant	Outlay	Remarks
	Rs.	Rs.	
1. Capital and revenue expenditure of the Cauvery Power Scheme.	8,26,200	7,81,008	Does not include the outlay incurred on the Mekedatu Project and that charged to the depreciation fund.
2. IV Installation	5,67,000	9,95,218	
3. Bangalore Tramways ...	6,00,000	15,677	
Total ...	19,93,200	17,91,903	

The outlay on item 1, *viz.*, Rs. 7,81,008, is made up of Rs. 75,119 incurred under capital account and Rs. 7,05,889 under Revenue account.

2. The distribution of the revenue expenditure of Rs. 7,05,889 is as shown below :—

	Rs.
I. Working expenses	4,03,998
II. Depreciation charges	2,94,887
III. Amount debitable to suspense account	7,004
Total ...	7,05,889

3. The revenue from the Cauvery Power Scheme during the year was estimated at Rs. 17,58,000 and the actual amount realised was Rs. 17,44,349. Leaving out of account the charges debitable to depreciation and suspense heads, the net revenue and the working expenses stood at Rs. 13,40,351 and Rs. 4,03,998 respectively, against Rs. 13,40,860 and Rs. 3,63,028 during the previous year.

4. The financial results of the scheme to the end of the year under review may be summarised as below :—

Capital outlay to end of June 1915 Rs. 1,03,49,805.

(*Note.*—This amount does not include the sum of Rs. 69,629 spent on the Bangalore Tramways and the Mekedatu Project).

	Rs.	
Gross earnings	2,16,45,034	
Expenditure.—		
Working expenses	40,35,136	
Charges debitable to depreciation account	24,586	
Depreciation fund	31,20,165	
Interest at 4 per cent on the capital outlay ...	39,31,361	
Interest on IV Installation work	18,559	
		1,11,29,807
Profit—		
Net profit earned in thirteen years	1,05,15,807	
Average net profit per year	8,08,863	

No. 383-7—C. P. S., DATED 17TH APRIL 1916.

5. It is observed that at the close of the year under review there was a steady increase in the number of installations in the cities served by electricity.

Statement comparing the Power and Lighting Installation in 1914-15 with those of 1913-14.

Station	Power installation increase		Interior lighting increase	
	From	To	From	To
Mysore	16	18	234	291
Bangalore City	20	29	560	686
Civil and Military Station, Bangalore ...	7	11	673	898
Kolar Gold Fields	1	1	...	...
Total ...	44	59	1,467	1,875

6. The increase in demand for power supply for small industrial concerns is stated to be due mainly to the reduction of rate from 1·5 annas to 1·00 anna per B.T.U. for motors up to 20 H.P., sanctioned in Government Order No. 722-7—C.P.S., dated the 26th November 1914.

7. The Fourth Installation of the Cauvery Power Scheme was satisfactorily completed and the new apparatus, installed at the Sivasamudram and the Kolar ends, was put in operation before the close of the year.

8. It has been considered expedient to hold in abeyance for the present the project for the tramways in Bangalore as the rates for track and other materials are decidedly unfavourable, owing to the unsettled condition of the European market.

9. Mr. C. F. Beames having resigned his appointment, Mr. S. G. Forbes was appointed Officiating Chief Electrical Engineer. The services of Mr. H. P. Gibbs, Manager of the Tata Hydro-Electric Company, Bombay, have been temporarily engaged as Consulting Engineer of the Cauvery Power Scheme.

10. Government are pleased to observe that the Department was administered by Mr. Forbes with credit and that the members of the staff acquitted themselves satisfactorily in the discharge of their duties.

R. V. SUNDARAMIER,
For Secy. to Govt., Public Works Dept.

To—The Chief Electrical Engineer.
The Secretary to Government, General Department.
The Comptroller of Mysore.
The Comptroller, Public Works Branch.
The Heads of Departments.

Transfer of the Hassan Division to the Northern Circle.

No. 835-74—P. W. 4026-65, DATED 29TH APRIL 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

READ—

Paragraph 4 of Government Order No. 1823-1864—P. W. 10889-10925, dated the 23rd December 1913, transferring the Hassan Division from the jurisdiction of the Northern Circle of Superintendence and attaching it to the Southern Circle.

2. Note No. D. 162, dated the 4th April 1916, by the Secretary to Government, Public Works Department, recommending the retransfer of the Hassan Division to the Northern Circle.

Order No. 835-74—P. W. 4026-65, dated 29th April 1916.

The recommendation of the Chief Engineer is sanctioned.

2. The Northern Circle will now comprise Kolar, Tumkur, Chitaldrug, Shimoga, Kadur and Hassan Divisions and the Southern Circle, Bangalore, Mysore, Sanitary and Water Supply Divisions. The Headquarters Range, Mysore, and the Public Works Workshop at Bangalore will continue under the direct control of the Superintending Engineer, Southern Circle.

RAILWAY DEPARTMENT.

Read—

Government Order No. 559-61 -Ry. F. 17E-15 16, dated 26th August 1915, sanctioning the proposition statement of establishment for the Bangalore-Chikballapur Light Railway for the year 1914-15, providing among other things for a scale of establishment costing Rs. 432 per mensem for the office of the District Loco Superintendent, Mysore State Railways.

2. Correspondence ending with letter No. 12082—E. 120, dated 7th December 1915, from the Engineer-in-Chief, State Railway Construction Department, submitting for sanction a revised scale of establishment costing Rs. 862 per mensem for the Loco and Carriage Departments.

3. Note No. 353, dated 27th December 1915, 3rd January 1916, from the Secretary for Railways, recommending that, with certain modifications suggested by him, the above revised scale of establishment may be sanctioned.

Order No. 2729-31 – Ry. F. 62E-15-16, dated 6th April 1916.

The proposals submitted by the Engineer in-Chief for the revision of the scale for the Loco Department include (1) enhancement of salaries for the Draughtsman (Rs. 200 – 250), Accountant (Rs. 75—5—100), Head Clerk (Rs. 60) and Assistant Accountant (Rs. 50) for the Loco Superintendent's office and (2) redistribution of the staff sanctioned for the District Loco Superintendent's office with some additions.

2. With regard to (1), Government consider that for the present the pay of the Draughtsman, Accountant, Head Clerk and Assistant Accountant may be fixed at Rs. 100, 50—4—70, 50 and 40, respectively, and the rest of establishment may remain as proposed.

3. With the above modifications, the revised scale of establishment for the Loco Department costing Rs. 676 per mensem, as detailed in the accompanying statement, is sanctioned.

4. The establishment should be treated as purely temporary, the cases of permanent hands transferred from other departments being governed by the rules in force at the time.

K. KRISHNAIYENGAR,
Offg. Secretary for Railways,
Government of Mysore

To—The Financial Secretary to Government.
The Comptroller, Public Works and Railway Branch (through the Financial Department).

Construction of Railway Head Offices and Loco Workshops at Mysore

No. 2787-91—Ry. F. 215-15-16, dated 14th April 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT.

Read—

Memo No. 1105, dated 31st May 1915, from the Secretary for Railways to the Engineer-in-Chief, State Railway Construction Department, communicating the decision of Government to locate Railway Head Offices and Loco Workshops at Mysore, and requesting to furnish plans and estimates therefor.

2. Correspondence ending with letter Nos. 1117 and 1118, dated 26th January 1916, from the Engineer-in-Chief, State Railway Construction Department, submitting for sanction plans and estimates for the construction of the above offices and workshops at an aggregate cost of Rs. 5½ lakhs.

3. Note No. 445, dated 6—7th February 1916, from the Secretary for Railways recommending sanction to the above estimates.

Order No. 2787-91—Ry. F. 215-15-16, dated 14th April 1916.

The proposals of the Engineer-in-Chief, State Railway Construction Department, have been duly considered by Government and they are pleased to accord administrative sanction to the accompanying estimates for:—

* * * * * *

(a) the construction of Railway Head Offices consisting of one complete wing-ground floor and first floor combined so as to accommodate for the present the offices of the Traffic Manager, Agent and Engineer-in-Chief at an approximate cost of one lakh of rupees, and

(b) the construction and equipment of Loco shops and offices at a cost of Rs. 4½ lakhs to meet the present requirements, *viz.*, construction of, and repairs to the Mysore-Arsikere Railway coaches.

2. Government are also pleased to approve of the respective sites selected for the Railway Head Offices and the Loco Workshops at the corner of the Public Office grounds opposite the Yelwal road and by the side of the Nanjangud Branch of the Mysore State Railways about two miles from the Mysore Station.

3 The Engineer-in-Chief, State Railway Construction Department, is requested to formulate and submit detailed proposals for necessary sanction. He is further requested to make necessary arrangements to start the works early.

K. KRISHNAIYENGAR,
Offg. Secy. for Railways, Govt. of Mysore.

To—The Secretary to Government, General Department.
The Secretary to Government, Financial Department.
The Comptroller, Public Works and Railway Branch (through the Financial Department).

No. 2882-89—Ry. F. 53E-15-16, dated 25th April 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT.

Read—

Government Proceedings No. 3107-13—Ry. F. 53E-14-15, dated 28th April 1915, sanctioning the appointment of Messrs. S. K. Rajagopala Iyer, K. Gundappa and H. Rangachar as Traffic Probationers in the Mysore State Railway Department on certain terms.

Order No. 2882-89—Ry. F. 53E-15-16, dated 25th April 1916.

The Financial Secretary brought to notice that, in paragraph 2 of the Government Order read above, the words "and their subsequent pay bill be regulated on a scale similar to that of the Public Works Department up to the grade of Executive Engineers" are not sufficiently clear. It is deemed desirable to make them more explicit. On a full consideration of the subject, Government direct that the scale of pay of the Traffic Probationers after they are confirmed be fixed at Rs. 100—$\frac{20}{1}$—400 which is the maximum pay of Assistant Engineers in the Public Works Department according to the time scale sanctioned in Government Order No. 879-86—P. W. 4532-39, dated 9th May 1915. The annual increments will only be given subject to the condition that the service is considered satisfactory by Government.

K. KRISHNAIYENGAR,
Offg. Secretary for Railways, Government of Mysore.

To—The Secretary to Government, General Department.
The Secretary to Government, Revenue Department.
The Secretary to Government, Financial Department.
The Comptroller, Public Works and Railway Branch (through the Financial Department).
The Agent, Mysore State Railways.
Mr. S. K. Rajagopala Iyer, B.A., Traffic Probationer.
Mr. K. Gundappa, B.A., Traffic Probationer.
Mr. H. Rangachar, B.A., Traffic Probationer.

No. 2895-99—Ry. F. 7 O. L.-15-16, dated 25th April 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT.

Read—

Government Proceedings No. 752-58—Ry. F. 7. O. L.-15-16, dated 9th September 1915, sanctioning the authorization rolls for the working of the Bangalore-Chikballapur Light Railway for the Railway year 1915-16, ending 31st March 1916, providing for an expenditure of Rs. 53,507.

2. Note No. 544, dated the 23rd—24th March 1916, from the Secretary for Railways explaining

(i) that when the rolls were originally prepared, the appointment of a Traffic Manager and the District Loco Superintendent, as also the debit of the pay of the Agent and Engineer-in-Chief had not been contemplated and provision on these accounts, which is now considered necessary had not then been made, and

(ii) that the opening of the Devanhalli-Chikballapur section which was expected to be opened on 1st June 1915, was delayed till 1st August 1915,

and submitting for sanction the revised rolls for the same period.

Order No. 2895-99—Ry. F. 7. O. L.-15-16, dated 25th April 1916.

In the circumstances explained by the Railway Secretary, the accompanying revised authorization rolls for working the Bangalore-Chikballapur Light Railway, providing for an expenditure of Rs. 46,109 against an anticipated earnings of Rs. 48,188 are sanctioned.

K. KRISHNAIENGAR,
Offg. Secy. for Railways, Govt. of Mysore.

To—The Secretary to Government, Financial Department.
The Comptroller of Mysore.
The Comptroller, Public Works and Railway Branch (through the Financial Department).
The Engineer-in-Chief, State Railway Construction Department.
The Chairman, Bangalore-Chikballapur Light Railway Company, Limited.

No. 2895-99—Rv. F. 7 O. L.-15-16, dated 25th April 1916

Explanatory Notes

a) It had originally been proposed to debit 8 per cent of the pay of the Loco Superintendent and his Office Establishment to this abstract but as it has since been decided to debit these charges to Mysore-Arsikere Railway capital after the formation of District Loco Superintendent's Office for open line work provision has now been made on this account only for six months.

b) The pay of the District Loco Superintendent and his office is debited to Revenue and Capital accounts in the proportion of $\frac{5}{8}$th and $\frac{3}{8}$th as noted in the proposition statement of Mysore-Arsikere Railway for 1915-16. The amount chargeable to revenue is debited to Kolar District Railways, Bangalore Chikballapur Light Railway and Tarikere-Narasimharajapura Tramway in the proportion of 3 : 3 : 1, respectively, $\frac{1}{16}$th in each case being charged to Abstract B and $\frac{1}{16}$th to Abstract C. Provision in this abstract for District Loco Superintendent's pay for six months is therefore $\frac{1}{2} \times \frac{1}{16} \times \frac{5}{8}$ of Rs. 500 or Rs. 150 per month.

c) The pay of the fitter-in-charge is Rs. 100, of which $\frac{1}{3}$rd is charged to this abstract and $\frac{2}{3}$rd to Abstract C.

d) Arrived at as follows :—

	Rs
Establishment of the Loco Superintendent's Office as per note (*a*) above at Rs. 44 for six months	264
District Loco Superintendent's Office Establishment as per note (*b*) above at Rs. 24 per month for six months	144
$\frac{1}{3}$rd of pay of fitter-in-charge's clerk $\frac{1}{3} \times 30 \times 24$ for one year	288
Total	696

Note.—The District Loco Superintendent's Office Establishment consists of :—

	Rs
1 clerk on	30
1 clerk on	25
3 peons on	25
Total	80

e) Provision increased on the basis of actuals for the first six months.

f) Provides for two cleaners at Rs. 8 each for twelve months and two watchmen at Rs. 7 each for six months.

g) Lump sum provision. Includes provision for a sweeper on Rs. 7.

h) Provides for 235 tons of coal at Rs. 20 per ton.

k) Arrived at as follows :—

	Rs
Yelahanka four pumpers at Rs. 7 each for twelve months	336
Devanhalli do	336
Chikballapur four pumpers at Rs. 7 each for eight months	224
Total	896

l) Provision increased in accordance with actuals for six months.

m) Provides for the following establishment :—

		Rs
1 Head Fitter		30
1 Fitter		20
4 Fitter coolies		28
1 Blacksmith	30	
1 Bellows boy	7	
1 Hammerman	8	
1 Time-keeper	15	
Total	60 × ½	30
Total		108 per month.

* The other half is charged to Abstract C.

n) Provision increased in accordance with actuals for six months.

No. 2895-99—Ry. F. 7 O. L-15-16, dated 25th April 1916.

No. 2895-99—Ry. F. 7 O. L.-15-16, dated 25th April 1916.

Explanatory Notes.

(*a*) Represents $\frac{6}{10}$ of half the pay of the combined appointment of Chief Store-keeper and Traffic Manager for nine months, chargeable to this Railway.

(*b*) Separate provision for a full timed Traffic Inspector is not considered necessary. The present Traffic Inspector's pay is distributed to the Kolar District Railways, Bangalore-Chikballapur Light Railway and Tarikere-Narasimharajpura Tramway in the same proportion as the Traffic Manager's pay

(*c*) See details given in Abstract E These are proportionate charges of Superintendent's Office Establishment before formation of Traffic Manager's Office

(*d*) Represents $\frac{6}{10}$ of the cost of Traffic Manager's Office Establishment sanctioned in Government Order No 547-51—Ry. F 65E -15-16, dated 26th August 1915.

(*e*) Provision reduced to nine months.

(*f*) Provides for the following staff:—

Period	Eight months		Ten months		Twelve months				Eight months						Twelve months	
	Yelahanka		Bettahalsur		Jala		Devanhalli		Avati		Nandi		Chikballa pur		Relieving	
	No.	Pay	No.	Pay	No	Pay	No.	Pay	No	Pay	No	Pay	No	Pay	No	Pay
		Rs		Rs		Rs		Rs.		Rs		Rs		Rs		Rs
Station Masters .	1	30	1	20	1	30	1	40	1	30	1	30	1	40	1	30
Assistant Station Masters .		.	...	.	.		1	25		.			1	25	.	
Menials ..	2	16	1	8	3	(i) 24	5	(ii) 36	2	16	3	(iii) 23	5	(iv) 39	2	(v) 18
Signallers provided for under Abstract E																

(i) Provides for two menials at Rs 8 for twelve months and one for six months The latter will be removed after the gate at Jala is fixed

(ii) Two menials at Rs 8 One sweeper on Rs 7 and one watchman on Rs 3 and one points Jamedar on Rs. 10 For four months till Chikballapur Station was opened

(iii) Two menials on Rs 8 each and one sweeper on Rs. 7 who will look after both Nandi and Avati Stations.

(iv) One Points Jamedar on Rs 10 for eight months. Two menials on Rs 8 each, one sweeper on Rs 7 and one waterman on Rs. 6

(v) One on Rs 10 and one on Rs. 8.

(*g*) Represents $\frac{1}{3}$rd of joint station expenses at Yelahanka. This is only an approximate lump sum provision; pending settlement of the agreement The remaining $\frac{2}{3}$rd is provided for under Abstract G.

No. 2895-99—Rv. F. 7 O. L.-15-16, dated 25th April 1916.

Explanatory Notes.

(*a*) Provision for Government Supervision omitted as until the construction of the whole line is completed, this is chargeable to capital and provision has been made accordingly in the capital account.

(*b*) Not required as the charges have to be noted out from profits.

(*c*) Represents $\frac{8}{9} \times \frac{1}{10}$ of the pay of Engineer-in-Chief and Agent for ten months.

(*d*) Agent's Office Establishment arrived at as follows:—

Amount debitable to this Railway as for details furnished in the Authorization Rolls of Kolar District Railways for 1915-16.....Rs. 84 per month and of this amount for the first three months, *i.e.* during the existence of the Superintendent's Office, Bangalore-Chikballapur Light Railway, $\frac{1}{8}$th is charged to Abstract A, $\frac{1}{2}$ to Abstract D, and $\frac{3}{8}$th to Abstract E. For the remaining nine months, the full amount is debited to this abstract. The amounts debitable to the three abstracts are therefore:—

		Rs.
Abstract A	$3 \times \frac{1}{8} \times 84$ = Rs. 31-8-0, or in round figures	32
Abstract D	$3 \times \frac{1}{2} \times 84$ =	126
Abstract E	$3 \times \frac{3}{8} \times 84$ = Rs. 94-8-0, or in round figures Rs. $94 + 9 \times 84$ — Rs. 756	850
	Total ...	1,008

(*e*) Arrived as follows:—

		Rs.
1	Gazetted Officer ...	200
1	Superintendent ...	140
2	Accountants on Rs. 75 ...	150
20	Clerks ...	500
3	Cashiers ...	140
1	Ticket printer ...	25
1	Mutchi ...	15
	Peons ...	35
	Total ...	1,205

per month or Rs. 14,460 per annum which is distributed as under:—

	Rs.
Kolar District Railways	5,784
Bangalore-Chikballapur Light Railway ...	5,784
Tarikere-Narasimharajpura Tramway	2,892
Total ...	14,460

(*f*) Provided as per Comptroller's letter No. 170—Rys. O. L. 60, dated 7th July 1915.

(*g*) Former provided under Abstract D and Traffic Superintendent's Office, respectively, now transferred to this abstract.

(*h*) The original provision is insufficient, have increased provision made as rent at Rs. 2 per month per mile of wire and at Rs. 4-8-0 per month per each instrument has to be paid to the Telegraph Department.

(*k*) Formerly provided under Abstract G; now transferred to this abstract.

No. 2895-99—Ry. F. 7 O. L.-15-16, dated 25th April 1916.

State Railway Provident Fund Institution.

No. 2890-94—Ry. F. 186-15-16, dated 25th April 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT.

Read—

Notes Nos. 317, 200 and 540, dated 7th—9th March 1914, 22nd October 1914 and 22nd—23rd March 1916, respectively, from the Secretary for Railways, explaining the need for the formation of the State Railway Provident Fund Institution for the benefit of all non-pensionable employees of the Railway Department and submitting for sanction a set of rules for working the same.

Order No. 2890-94 Ry. F. 186-15-16, dated 25th April 1916.

As the introduction of a Provident Fund Scheme for the benefit of the permanent non-pensionable employees of the lines worked by the State is desirable and necessary, Government are pleased to direct the formation with effect from the 1st July 1916 of the Mysore State Railway Provident Fund Institution. The rules governing the transactions of the Fund are annexed to this order.

2. The Secretary to Government, General Department, is requested to take early steps to introduce the necessary legislative enactment to secure the Fund from Court attachment.

K. KRISHNAIYENGAR,
Offg. Secretary for Railways,
Government of Mysore.

To—The Secretary to Government, General Department.
The Secretary to Government, Financial Department.
The Comptroller of Mysore.
The Comptroller, Public Works and Railway Branch.
The Agent and Engineer-in-Chief, Mysore State Railway Department.

Exd.—C. R.

No. 2890-94—Ry. F. 186-15-16, dated 25th April 1916.

Annexure.

RULES REGULATING THE MYSORE STATE RAILWAY PROVIDENT FUND INSTITUTION.

Mysore State Railways.

Provident Institution.

RULES.

Application.

1. These rules are applicable to "servants" as defined in paragraph 3 (*e*), employed on the "State Railway."

2. No pensionable Government servant can subscribe to the Institution.

Definitions.

3. In these rules, unless there be something repugnant in the subject or context—

(*a*) "State Railway" means a Railway open to public traffic and worked by the Mysore Government;

(*b*) "Agent" means the Agent or other Chief Officer of the State Railways

(*c*) "Examiner" means the Comptroller, Public Works and Railway Branch;

(*d*) "Salary" means monthly salary (including personal allowance), and does not include overtime, batta, travelling or other fluctuating or extra allowances;

(*e*) "Servant" means a public servant including a re-employed pensioner serving on the permanent non-pensionable establishment of the State Railway (even if partly employed on construction and of the Comptroller employed on the supervisory audit of Railways worked by an agency other than Government).

(i) who is not an apprentice or on probation, but in the case of work-shop and other apprentices appointed under rules and serving in a Technical Department on an agreement for a fixed number of years, it is left optional to them to become "depositors" or to wait until they are permanently appointed to the department;

(ii) whose salary is not less than Rs. 15 and who is not a menial servant;

(iii) who is not serving under special covenant; or if he is so serving, has nevertheless signified in writing his desire to be admitted to the benefits of these rules;

(iv) who is an European or Native mechanic employed in work-shops on a monthly salary and subject to a month's notice before dismissal;

(v) who is a Native Driver, Shunter or Fireman on the permanent staff (and not taken on temporarily for short periods) in receipt of daily wages equal to a monthly rate of Rs. 15 and upwards;

(vi) who is an officer on probation in the Superior Grades of the State Railway Revenue Establishment;

Note.—A servant who is discharged with a month's pay in lieu of notice ceases to be a "servant" on the date on which the month's notice, had it been issued, would expire.

(*f*) "Depositor" means a servant by or on whose behalf a deposit is made under these rules;

(*g*) "Deposit" means a deposit in the Provident Institution;

(*h*) "Interest" includes compound interest;

(*i*) "Compulsory Deposit" means a deposit made under paragraph 4 with the interest accruing thereon;

(*j*) "Bonus" means a bonus added to a deposit under paragraph 4 with the interest accruing thereon.

No. 2890-94—Ry. F. 186-15-16, dated 25th April 1916.

Compulsory deposits and bonus.

4. Every servant of the class defined in paragraph 3 (*e*) who is employed on the State Railway is required to subscribe to the Provident Fund at an uniform rate of one-twelfth of salary, to which will be added half-yearly the following bonus:—

(*a*) a first sum out of the gross revenue of the Railway equal to one-half of such subscriptions;

Note.—This addition will be made as soon after the close of the half-year as the total compulsory deposits of that half-year have been ascertained.

(*b*) a second sum not more than 50 per cent, or less than 25 per cent, of such subscriptions, and also subject to the minimum of 25 per cent being granted as a second bonus, not exceeding one per cent of net earnings calculated before any contributions to the fund have been added to the working expenses.

Note.—This addition will be made as soon as the Revenue Account of the State Railway for a half-year is made up.

(*c*) It should be regarded as a general principle in respect of both the first and second bonus granted under these rules that the dates laid down are the earliest practicable dates on which the transactions of the Provident Fund can actually be recorded, but that the fixing of these dates does not affect in any way the claim of a depositor who has completed his compulsory deposits for one-half year from participating in all the benefits granted in respect of that half-year except as specifically provided for in paragraph 16.

Note.—Should it appear that the contributions made by Government to the deposits of subscribers, with interest, are either generally or in particular cases in excess of the value of the pension admissible to pensionable officers of similar standing and on corresponding pay Government reserve the right either to modify the rates or to reduce the amount payable in individual cases.

5. Both voluntary and compulsory deposits in the State Railway Provident Institution, made by deductions from salary at the time of audit, should be considered as paid into the Fund on the 1st of the month succeeding that for which the salaries, from which deductions are made, are due. Deductions from salaries paid in arrears in consequence of promotion given with retrospective effect should be considered as having been made on the first of the month in which the arrears are drawn. In the case of reversions made with retrospective effect the write-back of the amount originally received in confirmity with the rules, should be considered as having been made on the first of the month in which the recovery is effected.

6. All subscribers are required to continue their compulsory deposits while absent on leave, calculated on full pay. The usual bonus will be allowed on such deposits which will be made in the following manner:—

(*a*) In the case of long leave taken out of India, the depositors must make their own arrangements for paying their subscriptions to the Examiner.

(*b*) In the case of long leave taken in India, the deductions can be made as usual in the salary bills. In the case of privilege leave, deductions will be made monthly as from the salaries of employees present on duty.

(i) No fixed dates are laid down for the payment of subscriptions at the compulsory rate while on long leave; but all arrears of subscriptions must be fully paid up within three months of return to duty.

7. Provident Fund balances are payable only in India in Rupee currency and this is not affected by the fact of a depositor being out of India at the time of leaving the service. In such a case the depositor must duly authorize an agent to receive payment in India on his behalf and must make his own arrangements for the remittance of the amount from India.

8. All subscribers when temporarily detached for employment on construction works, or surveys, whether in connection with, or independent of, the Home line are permitted to continue their subscriptions to the Provident Institution of the

Home line and participate in the benefits thereof, subject to the condition that their subscriptions shall be based on their open line pay, and not on any increased pay that may be drawn on construction or survey.

Note.—The bonus creditable under the rules will be charged to the construction or survey estimate as the case may be.

9. Temporary Engineers filling sanctioned cadre posts on the open line of Railways are permitted to subscribe to the State Railway Provident Institution. This concession is only granted for such time as the temporary Engineers actually fill sanction cadre-posts on the open line. Should they be transferred to construction or survey at any time, their subscriptions must cease during such periods, but their accounts will remain open and will be credited with interest according to the rules of the Institution. In cases, however, where the transfer of such officers to construction or survey is purely temporary and the officers will revert on completion of such temporary duty to the open line, the Government will, in each case, decide whether the officer may be permitted to continue his subscriptions to the Provident Institution under the rules in paragraph 8.

10. *Voluntary Deposits.*—A "servant" may, at his discretion, make voluntary deposits in the Provident Institution in addition to the compulsory deposits made on his behalf. Such voluntary deposits and the interest accruing thereon, shall be entered in a separate column in the depositor's account and held at his free disposal under the ordinary Government Savings Bank Rules. Deposits shall be subject to all the rules as to interest and to all other conditions affecting ordinary deposits in Government Savings Banks, excepting that the voluntary deposits are limited to Rs. 500 yearly and to Rs. 3,000 in all, exclusive of interest. Such voluntary deposits together with the accrued interest thereon, may also if so desired, be invested in Government Securities, in the manner provided for in paragraphs 34 to 37 but this privilege shall not extend to compulsory deposits nor to the bonus and interest thereon. A depositor absent from the railway can continue to make voluntary deposits, provided he makes his own arrangements for payment of the same. Fractions of a rupee should not be received in case of voluntary deposits.

Note.—The deposits are not subject to the provisions of the Savings Bank Act, V of 1873, as applied to Mysore, as they are credited in the Provident Institution and are not actually in a Government Savings Bank.

(i) The limit of Rs. 500 for a single depositor within one year may be exceeded only in the case of a transfer from another Bank so far as the money transferred is not on account of deposits made in the current year, and this must be explained in the depositor's ledger account. The limit of Rs. 500 is to be construed strictly; withdrawals must not be deducted in applying it.

11. *Withdrawal of Compulsory Deposits.*—Saving with the particular sanction of Government, no compulsory deposit or bonus shall be withdrawn, excepting—

(i) on the decease of the depositor
(ii) on his leaving the Public Service.
(iii) with the permission of the Agent under paragraph 12.

12. On the Agent being satisfied that the pecuniary circumstances of a depositor are such that the indulgence is absolutely necessary, the compulsory deposits of the depositor and if they do not suffice, his bonuses or any part of his bonuses may be withdrawn temporarily—

(1) to pay for the passage of the depositor proceeding to Europe or a Colony on medical certificate, or returning after such absence,

(2) to pay for the passage of any member of the depositor's family coming from Europe or a Colony to join him or proceeding to Europe or a Colony sick or from other urgent cause,

(3) to pay for the expenses of a depositor or any member of his family proceeding to a hill station in India, or on a sea voyage other than a voyage to England or the Colonies subject to the conditions:—

(*a*) that the application for withdrawl is accompanied by a medical certificate recommending a change to a hill station or a sea voyage as the case may be, and

(*b*) that the amount withdrawn is limited to a maximum of Rs. 500 in each case.

Note.—For the purposes of these rules the term family means the officer's wife, his legitimate children and step children residing with and wholly dependent on him, and also his parents sisters and minor brothers if wholly dependent on him, and residing with him.

(i) The equivalent of the cost of a passage by sea only is admissible under clauses (2) and (3) and sums not exceeding such amount should alone be permitted to be withdrawn.

(ii) When applying for leave to withdraw such sums from the fund, the expenses of the passage for the officer himself only, or the members of his family, or both, as the case may be, should be fully stated for the orders of the sanctioning authority.

(iii) When return passages are required for officers, or their families who are in India, the cost of these will be allowed, if desired, provided that an assurance is given that the money advanced will be actually spent on the purchase of a return ticket.

13. The Comptroller, under the conditions laid down in paragraph 12, may sanction advances from the State Railway Provident Fund to officers (*Gazetted* and *Non-Gazetted*) of the Account Department.

14. In addition to the compulsory deductions under paragraph 4, one-twentieth part of any sum withdrawn under paragraph 12 shall be withheld monthly from the salary of such depositor and deposited again in the Provident Institution. Such deduction shall be made whenever full salary (*i.e.*, employed pay whether subject to deductions on some other account or not) is drawn until the whole is refunded, the withdrawals from the bonus account, if any, being first made good. Such instalments may be paid in advance.

15. *Withdrawl of Voluntary Deposits.*—No Railway "servant" should be permitted to resort to the Provident Institution as a place for the deposit of a floating voluntary balance, on which he will operate constantly by depositing and withdrawing money. The Examiner has full discretion to close such accounts. More than one withdrawal in the same month under the same account should not be allowed without the special permission of the Agent given for assigned reasons.

(i) When a depositor wishes to withdraw money personally from his voluntary deposit account, he should fill in a slip containing these particulars only:—

No.

Received

Date

Signature.

Reference will then be made to the depositor's ledger account, and after the payment order has been written on the slip, the money will be paid to the depositor.

16. *Resignation, Transfer, Dismissal, etc.*—A "servant" transferred to another line or to another branch of the department in the interests of the Public Service shall be allowed a bonus in proportion to the amount of his compulsory deposits in respect of that half-year calculated at the average percentage in force during the three preceding half-years. This ruling applies also in the case of servants compelled to retire by ill-health or attainment of age limit, or whose services are dispensed with on account of a *bona fide* reduction of establishment, and in the case of death. The heirs or estate of a deceased servant should be credited with a proportionate share of bonus calculated at the average percentage in force during the three preceding half years, due to the amount of compulsory deposits made by or on behalf of, the deceased during the half-year in which he died.

Note.—In the case of the resignation or dismissal of a "servant" or of his transfer elsewhere either at his own request or for not performing his duties satisfactorily, such "servant" should not receive any share of a bonus not already credited in the depositor's account on the date of resignation, dismissal or transfer. The Agent should decide in each case whether a "servant" has been transferred in the interests of the Public Service or not.

No. 2890-94—Ry. F. 186-15-16, dated 25th April 1916.

17. Compulsory or voluntary deposits cannot be forefeited under any circumstances; but when a claim is presented for the balance at credit, any amount due to the Railway or the Government of Mysore may be deducted before handing over the property of the claimant.

18. If a depositor is dismissed from the Public Service, the Agent may cause to be withheld, all or any part of the bonuses provisionally allotted to him with the interest accrued thereon, only the balance at his credit without such bonuses and the interest thereon being paid to the depositor. In the case of there being any outstandings against a depositor who may have absconded, resigned, or been dismissed, the amount of such outstandings may be deducted from his compulsory or voluntary deposits, the balance only after such deduction being paid to him. Any bonus and interest withheld from a dismissed depositor under this rule shall be credited to the Fine Fund of the Railway.

19. With a view to meeting the amount of any outstandings against a depositor who has left the service, the Agent may authorize the Head of the Department under whom the employee has served, to withhold payment of the sum at the credit of the depositor for two months from the date of his leaving the service. If within this period all possible outstandings have not been ascertained and adjusted, a sum not exceeding Rs. 50 may be retained at the discretion of the Departmental Officer, from the employee's deposits for a further period not exceeding one month.

ACCOUNTS.

20. The books of the Institution will be kept in the Audit office. The Examiner will be held directly responsible for the whole of the work, interest calculations, etc., connected with State Railway Provident Institution. The transactions will pass through a suspense head of account not affecting the budget grant, called "State Railway Provident Institution."

21. The Examiner will arrange with Heads of Departments that deductions are regularly made from the salary bills. These deductions will be treated in the same manner as deductions for rent, advances, etc., the head "State Railway Provident Institution" being credited in the Cash Book.

(i) Cheques passed for withdrawals of deposits from the Provident Institution should be paid from the general funds of the Railway ; and these payments should be debited by the Audit office to the Account "State Railway Provident Institution." The Examiner will be responsible that the individual accounts have assets sufficient to meet these cheques.

(ii) The balance of the account "State Railway Provident Institution" will be carried on at each period the books are closed in the same manner as the balance of the account "Deposits" is dealt with.

(iii) The necessary adjustments in the Examiner's books will be made to effect the settlement of interest due and the bonus under paragraph 4. The debit of the interest will be to "12 interest on other obligations" in the Examiner's books and of the bonus to a special sub-head in Abstract G, "Special and Miscellaneous Expenditure" styled "Contribution to State Railway Provident Institution."

22. The accounts of the State Railway Provident Institution including the accounts of depositors, must be made up annually at the close of the financial year, and at no other period. The Examiner must certify to the balances having been reconciled with the General Books of the Railway and record a note to this effect in the report on the Annual Finance Accounts.

23. *Books.*—The books to be kept are—

(1) The Ledger, Form No. P. F. 6A. (for compulsory deposits and bonus only) and Form No. P. F. 6B. (for voluntary and security deposits only).

(2) The Check Register, Form No P. F. 7.

No. 2890-94—Ry. F. 186-15-16, dated 25th April 1916.

24. The Ledger (Forms No. P. F. 6A and 6B)—In the Ledger the receipts and payments will be entered into a separate account for each depositor. It will be posted as regards deposits received, from the statement of deductions on account of State Railway Provident Institution (Form No. P. F. 9) after audit, and from transfer documents. As regards deposits repaid, from Abstracts of Bills passed (Form No. C. O. 7) or from the bills themselves and transfer documents. In order to localize errors easily, the ledger should be in compartments, *i. e.*, by departments or districts, etc., at the discretion of the Examiner. Deposits will not be acknowledged, but every depositor must be furnished with an annual account in Form P. F. 2.

25. When a deposit account is first opened, the depositor shall be required to give a declaration in Form No. P. F. 1 particularising the person or persons by whom he is desirous that the whole or any portion or portions of his deposit shall be received in the event of his death. Such declaration must be in the hand writing of the depositor and must be signed by him and attested by two witnesses. Each depositor should be invited to revise this declaration at least once a year. A fresh declaration must be given in the event of the marriage of a depositor, who is not Hindu, Mahomedan, Buddist, or other person exempted from the operation of the Indian Succession Act. All declarations for the time being in force should be carefully recorded.

(i) The depositor's name, occupation and residence must be entered in a ledger index book in a clear hand. If the account is a security deposit the fact should be stated in the index book.

(ii) The numbers given to the depositor's accounts should be consecutive, and a depositor's number should never be altered nor should the numbers of closed accounts be given to new depositors.

(iii) If a Mahomedan depositor, on opening his account, makes the express request that interest be not added to his deposit, a note to this effect should be made in the index book and the words "no interest" written on the top of his account in the ledger.

(iv) No non-official accounts should be opened in the name of two or more persons jointly, nor should any trust account be allowed.

(v) No person who already has a voluntary account in a Provident Institution should be permitted to open another in the same or in another Institution.

(vi) In entering the names of depositors in the index book, the following rules must be observed:—

(*a*) In the case of the names of Europeans or East Indians, the surname is to be written first in a large hand, and after it the Christian name or names or prænomen in a small hand, thus—

Wilkins, James.

(*b*) In Hindu names, the personal name will be written first and the tribal name or such personal or family addition as Biswas, Sircar, Halder, or the like, written last as in ordinary usage.

(*c*) In Musalman names, the ordinary prefixes (Sheik, Syed, Maulavi) should be written small, thus—

Syed Abbas Alli.

(vii) The name of a depositor, when first entered, may be spelt in any form which is thought best when the form of spelling is optional; this spelling must, however, be strictly followed thereafter in all statements of deposits and other returns. It is not essential that the names of different persons bearing the same name should be spelt in the same way.

(viii) In the case of native depositors who sign in English, the spelling which they ordinarily use should be followed.

No. 2890-94—Ry. F. 186-15-16, dated 25th April 1916.

26. The Check Register (Form No. P. F. 7) should be posted from the ledgers. It should be in compartments, *i. e.*, by Departments, or Districts, etc., at the discretion of the Examiner. The grand totals of receipts and payments should be compared monthly with the total debits and credits appearing in the general books of the Railway and in the monthly accounts under the suspense head "State Railway Provident Institution." The Depositor's numbers only need be entered in the Check Register.

27. At the end of every month, the Provident Institution clerk must go through the Ledger, and fill up the "Principal or lowest Balance" and "Interest" columns of every current account. In the column headed "Principal or lowest Balance" should be entered against each month the minimum balance of the account between the close of the fourth day and the end of the month.

(i) Care must be taken that the clerk thoroughly understands this point as the accuracy of the interest calculation is dependent on the correctness of the amount in the "Principal or lowest Balance" column.

(ii) Interest which is at the rate of 3¾ per cent per annum on compulsory deposits and bonus, and at the rates applicable to deposits in the Government Savings Bank, on voluntary deposits though added annually to principal will be calculated monthly and entered in the interest column.

28. The rate for calculating interest on compulsory deposits and bonus is as follows:—

For each score, one anna is to be taken; for each 5 rupee above an even score, three pies are to be taken with one pie in addition if the remainder amounts to Rs. 1-10-8 and two pies if it amounts to Rs. 3-5-4. Thus, if the principal is Rs. 728-12-0, the interest will be on Rs. 720 or 36 scores, 36 annas, or Rs. 2-4-0 which can be set down at once; then for the balance Rs. 8-12-0 three pies should be taken on Rs. 5 and 2 pies on Rs. 3-5-4, leaving the remainder 5 annas and 8 pies out of calculation on which no interest should be allowed. Thus the total interest on Rs. 728-12-0 is Rs. 2-4-5.

29. A table for facilitating the calculation of interest is given below:—

Monthly interest on Deposits at 3¾ per cent per annum.

Rupees

A	P	0	1	2	3	4	5	6	7	8	9	A	P

The interest on every even sum of ten rupees is given in the table above, the number of rupees being at the top and the number of annas and pies at the side. For the excess of the principal over even tens of rupees, add interest as follows:—

Rs.	a.	p.	
1	10	8	.... 1 pie
3	5	4	.... 2 pies
5	0	0	.... 3 pies
6	10	8	.... 4 pies
8	5	4	.... 5 pies

30. When a depositor's account is closed in the course of the year, interest to the end of the preceding month is to be credited to the account, and paid to the depositor with the principal; otherwise, no payment on account of interest for *the current year* should be made *within* it.

(i) If after an account is thus closed, a petty error in calculation of interest is discovered, the correction of which leaves a small balance in the account, the Examiner should, after having, if possible, informed the depositor, and after six months have elapsed credit it in the Railway account as a "Miscellaneous receipt" making a note on the ledger of the transaction. Such an amount may at any time be refunded.

31. At the end of the year each current account will be closed, by making a total of the deposits without the opening balance, entering thereunder the opening balance and interest for the year. Then the deposits, opening balance and interest should be added together, and from the total the repayments should be deducted. The remainder will be the closing balance, and will agree with the last figure in the ledger column, "Balance after each transaction" plus the total of the interest for the year.

(i) Very active measures must be taken towards the close of the year to complete the interest calculations. As no interest is allowed on deposits made after the close of the fourth day of March, the principal and interest for March (subject only to correction in respect of repayments in March) can immediately after the close of the fourth day in March, be entered in pencil, and the interest totalled in pencil. In posting repayments in March, any of these calculation would, if necessary, be altered. If this be done, it is not probable that there will be any difficulty in closing the accounts of all depositors by the 15th of April, if possible, this should always be done.

32. *Security Deposit Account and Fine Fund.*—Government servants and contractors, who are required by Government to deposit security, may be allowed a separate account for the security deposit only.

(i) A person undertaking more than one work or contract at the same time may be allowed a separate account in respect of each.

(ii) The maximum limit for each separate account is Rs. 500 which may be deposited in a single sum or by instalments.

(iii) A person may open a security deposit account either in his own behalf or on behalf of another person.

(iv) A security deposit account may be opened in the joint names of the persons undertaking the same work or contract.

33. The depositor will be required to sign a letter (in Form No. P. F. 5) addressed to the Examiner undertaking not to make any claim on the Provident Institution for the principal of the sum deposited, except with the expressed written sanction of the person (referred to in the letter) to whom the security is pledged, not to object to the payment of the principal to such person on his claiming it, and not to make any claim for interest after interest has ceased to accrue owing to the payment of the principal to such person, or from the date on which such person has sanctioned the repayment of the deposit.

(i) Interest on security deposits at the rate applicable to voluntary deposits will accrue and be paid in the usual manner, subject to the conditions specified in the letter mentioned above.

(ii) Deposits on account of the Fine Fund, when lodged in State Railway Provident Institutions are subject to the rules as to interest and to other conditions affecting voluntary deposits, excepting that they are not restricted to the yearly and total limits, and interest will be allowed on the full amount of the deposits.

34. *Investment of Balances in Government Loans.*—If a depositor wishes to invest any sum out of his voluntary or security deposit account in stock of any Government loan, he should apply in writing to the Examiner, who will arrange for such purchase and charge to the depositor's account the commission leviable on purchase money.

(i) A depositor making application for an investment to be made on his behalf may, along with his application, pay an additional sum into credit of his account, and such additional sum will not be reckoned in applying the limit of Rs. 500 fixed in paragraph 10. It must be remembered, however, that limitation is applied to these transactions by the order of Government that "these arrangements are intended only for persons of moderate income, who belong to a class who do not ordinarily have transactions with bankers."

35. If the depositor desires to take delivery of Government securities or to sell them, he should apply, in writing, to the Examiner, who will arrange for it accordingly and charge the commission, etc., leviable under the rules.

36. So long as the Government securities remain in the custody of the Comptroller, interest, when due on them, will be drawn and advised to the Provident Institution for credit to the depositor's account, less commission of four annas per cent payable to Government. The interest will be adjusted in the same manner as the purchase money of the Government securities.

37. The Comptroller will also receive for safe custody, from depositors, Government Promissory Notes to a moderate amount. The notes, duly endorsed to the Comptroller, should be forwarded to him with a written application.

(i) The Examiner will acknowledge receipt of the notes.

(ii) When a note is returned or sold, the fact should be recorded in the depositor's ledger.

38. *Closed Accounts.*—On a depositor leaving the service of Government, his account shall be closed and a notice given to the depositor in writing stating the amount at his credit.

39. On a depositor ceasing to be a "servant" as defined in the rules, but still remaining in Government employ, his account shall be dealt with as follows:—When the balance at the credit of the depositor is less than Rs. 10, notice shall be given to the depositor that his account will be closed. When the balance at the credit of the depositor is Rs. 10 or more, the account shall not be closed, so long as the depositor remains in the service of Government, without the sanction of the Government, and during such time as the depositor is not a "servant" as defined in the rules, no deposit shall be accepted from him, but interest shall be allowed on the balance of the account until it is closed. But if a depositor resigns only to accept another class of railway service under Government, no refund should be made nor the account closed until he ceases to be employed on railway duties.

(i) When an account is closed, it must be removed from the Provident Institution ledger to a separate list. The balances on such accounts closed during the year will not be removed from the books of the Railway Department, but will, in accounts for March, be transferred to "Deposits." Any item so transferred not exceeding one rupee remaining unclaimed by the 31st March of the subsequent year, and all items remaining unclaimed by the 31st March of the third succeeding year, will be credited to revenue. The list of "closed accounts" should be consulted when applications for refund are received by the Examiner, and the refund should be noted in the list to prevent a double payment.

No. 2890-94—Ry. F. 186-15-16, dated 25th April 1916.

40. Interest on the balance at credit of a depositor, whose account has been closed, shall cease to accrue from the date of tender of payment to the depositor, or the person entitled to receive the balance at credit of the account, accompanied by a notice that the account will be closed in accordance with the rules.

41. *Accounts of deceased Depositors.*—The disposal of the deposits of deceased members is regulated by the Indian Succession Act X of 1865, as applied to Mysore, the Probate and Administration Regulation, VI of 1914, the Administrator General's Act, II of 1874 in so far as it is applicable to British subjects in Mysore and the Succession Certificate Regulation VII of 1901 in cases where the balance at credit of the deceased member exceeds two thousand rupees.

42. In cases where the assets in the Fund are over Rs. 2,000, Agents may make small advances to the representatives of deceased subscribers, who may be left in indigent circumstances, in anticipation of the Grant of Probate of the Will or Letters of Administration to the estate of the deceased to meet funeral and other expenses, pending realization of such assets, subject to the following conditions:—

(i) that an advance is made only when the poverty of the heirs appears to justify such an advance;

(ii) that the advance does not exceed Rs. 150;

(iii) that the amount advanced is deducted in due course from the deposits remaining in the Fund, when the balance due to the estate is finally paid.

43. Interest may be allowed on the balance at the credit of the estates of deceased depositors of the State Railway Provident Institution until these are withdrawn, subject to the following rule:—

Interest on the account of a deceased depositor shall cease from the date of tender of payment to the person legally entitled to receive the balance at credit of the account, accompanied by a notice that the account will be closed in accordance with the rules. After such tender and issue of notice, the account will be closed and dealt with as a closed account under paragraph 38. Where legal ownership is contested and the amount involved is Rs. 2,000 or more, the Agent should take the earliest possible action to ascertain in whose favour the case has been decided by a Court of Law and to issue the notice under this rule terminating liability for further interest.

It should be borne in mind that there is no limitation of time to the legal liability to pay deposits in the Provident Institution with interest already accrued.

Special Rules regarding the Provident Institution for "Servants" engaged on the Supervisory Audit referred to in Para 3 (e).

44. The administration of the Fund will rest with the Government.

45. Any withdrawal sanctioned under paragraph 12, will be paid after ascertaining that it is covered by the amount at credit.

46. All withdrawals admissible under paragraphs 11 and 12 will be arranged for by the Comptroller.

47. Withdrawals under paragraph 12 will be recovered in 20 equal monthly instalments compulsorily deducted from salary in addition to contributions under paragraph 4 whenever full salary is drawn, until the whole is refunded. Such instalments may be paid in advance.

48. All bonuses granted under these rules to depositors other than those whose services have been transferred to open lines or lines under construction will be debited to Head "31A Miscellaneous Railway Expenditure," a separate entry "Bonus to Provident Institution for Officers and clerks in Railway Offices" being introduced.

49. As regards depositors whose services subsequent to the date of their admission to the Fund, have been transferred to open lines or lines under construction the bonus contribution admissible under paragraph 4 will be charged to the same sub-head of the Revenue Abstract or Construction Estimate against which the depositor's pay is ordinarily charged.

No. R. 2890-94—Ry. F. 186-15-16, dated 25th April 1916.

50. All bonuses withheld under paragraph 18 will be credited to the same head to which the amount was debited.

51. Interest on both compulsory deposits and bonus will be debited to Head "12 Interest on other obligations."

52. For the proper admission of depositors, the correct realization of the receipts, and the admission and payment of the withdrawals, the Comptroller as Audit Officer, will be entirely responsible.

53. Deposits can only be made by deductions from such salaries as are disbursed by the authorities concerned.

54. All applications for the refund of sums written off from "closed accounts" must be dealt with by the Comptroller.

55. *Miscellaneous.*—A monthly abstract of transactions of the Provident Institution will be submitted by the Comptroller to the Agent in Form P. F. 10, for publication in the Minutes of Official Meetings.

No. 2900-4-Ry. F. 7 O. L.-15-16, DATED 25TH APRIL 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT.

READ –

Note No. 543, dated 23rd—24th March 1916, from the Secretary for Railways, Government of Mysore, submitting for sanction the authorization rolls for the working of the Kolar District Railways for the year 1915-16 ending 31st March 1916.

Order No. 2900-4—Ry. F. 7. O. L.-15-16, dated 25th April 1916.

The accompanying authorization rolls for working the Kolar District Railways during the year 1915-16 ending 31st March 1916, providing for an expenditure of Rs. 44,541 against an anticipated earnings of Rs. 47,704, are sanctioned.

K. KRISHNAIENGAR,
Offg. Secretary for Railways,
Government of Mysore.

To—The Secretary to Government, Financial Department.
The Comptroller of Mysore.
The Comptroller, Public Works and Railway Branch (thro' the Financial Department).
The Engineer-in-Chief, State Railway Construction Department.
The President, District Board, Kolar.

Exd.—C. R.

No. 2900-4—Ry. F. 7 O. L.-15-16, dated 25th April 1916.

Explanatory Notes.

(*a*) *Vide* note (*a*) under Abstract A.

(*b*) The pay of the District Loco Superintendent and his office staff is debited to Revenue and Capital accounts in the proportion of $\frac{6}{8}$ and $\frac{2}{8}$ as noted in the proposition statement of Mysore-Arsikere Railway for 1915-16. The amount chargeable to Revenue is debited to Bowringpet-Kolar Railway, Bangalore-Chikballapur Light Railway and Tarikere-Yedahalli Tramway in the proportion of 3:6:1, respectively, $\frac{1}{10}$th in each case being charged to Abstract B and $\frac{1}{20}$th to Abstract C. Provision in this abstract for District Loco Superintendent's pay is therefore $\frac{1}{2} \times \frac{3}{10} \times \frac{6}{8}$ of Rs. 500 or Rs. 75 per month.

(*c*) The pay of the Driver in charge is Rs. 80, of which $\frac{1}{4}$th is charged to this Abstract and $\frac{1}{4}$th to Abstract C.

(*d*) Arrived at as follows:—

	Rs.
Establishment of the Superintendent's office for six months at Rs. 39 per mensem	234
District Loco Superintendent's establishment as explained in note (*b*) above at Rs. 13 per mensem	78
Contingent expenses	48
Total ...	360

N.B.—District Loco Superintendent's establishment consists of—

	Rs.
1 Clerk	30
1 Clerk	25
3 Peons	25
Total ...	80 per month

(*e*) Increased provision made on the basis of actuals for eight months during 1914-15.

(*f*) Provides for 2 cleaners at Rs. 6 each per mensem.

(*g*) Provides for 270 tons of coal at Rs. 20 per ton. The excess is due to increased train mileage on account of the anticipated opening of the Kolar-Srinivaspur Section.

(*g*) Provides for 7 pumpers (4 at Kolar and 3 at Bowringpet) at Rs. 7 per month.

(*h*) Increased provision made on the basis of actuals for eight months in 1914-15.

(*k*) Provides for the following shed establishment—

	Rs.	Rs.
1 Head Fitter	30	30
1 Fitter	20	20
4 Fitter coolies	28	28
1 Blacksmith	30	
1 Bellows boy	7	
1 Hammerman	8	
1 Time-keeper	15	
	$60 \times \frac{1}{2}$*	30
		108 per month
		or Rs. 1,296 per year.

* The other half is charged to Abstract C.II.

No. 2900-4—Ry. F. 7 O. L.-15-16, dated 25th April 1916.

Abstract C.—Authorizations for the Railway accounts year 1915-16.

Explanatory Notes.

(a) Provided for six months as per note (a) under Abstract A.

(b) Represents $\frac{5}{10}$ of half the pay of the combined appointment of Chief Store-keeper and Traffic Manager chargeable to this Railway.

(c) Separate provision for a full time Traffic Inspector is not considered necessary. The present Traffic Inspector's pay is distributed to this and to Bangalore-Chikballapur Light Railway and Tarikere-Yedahalli Tramway in the same proportion as the Traffic Manager's pay.

No. 2900-4—Ry. F..7 O. L.-15-16, dated 25th April 1916.

(*d*) *Vide* note (*b*) under Abstract A.

(*e*) Represents $\frac{3}{16}$ of the cost of Traffic Manager's Office Establishment sanctioned in Government Order No. 547-51—Ry. F. 65E-15-16, dated 26th August 1915.

(*f*) Provides for the following staff :—

Particulars of staff	Hudakola 12 months		Kolar 12 months		Jannaghatta 2 months		Dalsanur 2 months		Srinivaspur 2 months	
	No.	Pay	No.	Pay	No.	Pay	No.	Pay	No.	Pay
		Rs.		Rs.		Rs.		Rs.		Rs.
Station Master	1	25+2 (*a*)	1	40	1	25	1	25	1	40
Goods clerk	...	...	1	25	...	...	...	...	...	...

11	Fl 5405-6—S R 57-15-28	14	Comptr. and Dy. Comr., Bangalore District	Sanctions the refund of the values of certain unused share transfer stamps applied for by Mr. D. Venkatramiah, Advocate, on behalf of Mr. Masilamoni Chetty, subject to the usual discount of one anna in the rupee.
12	Fl 5407-8—S R 9-14-84 ...	14	Do ...	Sanctions the refund of Rs. 5, being the value of a stamp paper produced by Contractors Mahomed Masthan and Mahomed Esoof, subject to the usual discount of one anna in the rupee.

Proceedings			Subject and Order
Number	Date	To whom sent	
Fl 5517-8—S R 47-15-6 ...	20	Comr. of Stamps and Comptr.	Sanctions a separate allotment of Rs. 150 under "office expenses" for the stock branch of the Stamp Superintendent's Office.
Fl 5523—S R 155-15-2 ...	20	Ex. Commissioner ...	Approves of the draft notification in connection with the disposal by auction of special liquor shops in the State for 1916-17.
Fl 5528-30—S R 80-15-2	20	Comr. of Stamps, Supt. of Stamps and Comptr.	Sanctions the proposal of the Commissioner of Stamps for destroying all the old adhesive labels and for retaining the obsolete stamp papers for a few months more till the fresh stock of water-marked paper is received.
Fl 5553-5—S R 56-14-9 ...	22	Comptr., Dy. Comr., Mysore Dt. and Jahgirdar of Yelandur	Sanctions three refund bills in favor of the Jahgirdar of Yalandur on account of the value of Court fee stamps used in the Jahgir Courts.
Fl 5557-8—S R 66 15-17	22	Comr. of Stamps, Comptr., and Supt. of Stamps	Sanctions the proposal of the Commissioner of Stamps to order the supply of General Stamp and certain other kinds of papers required for the manufacture of stamps during the next year at the rates to be quoted by the manufacturers at the time of placing the order.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
18	Fl 5565—S R 13-15-68 ...	24	C. Narayanasami Chetty, Nagappa and other Excise licensees of the Kolar District.	Informs them that Government cannot comply with their request to postpone the levy o railway cess on items of excise revenue in the Kolar District for another year, *i.e.*, till the beginning of 1916-17, as the cess which ought to have been levied from 1st July 1914, had already been postponed for one year.
19	Fl 5606—S R 77-15-2 ...	26	I.-G. of Registration ...	Informs him that Government are, aor reasons stated, not in favor of his propos l to remove the prohibition contained in Art. 2 74 (*b*) of Taluk Treasury Manual *re* issue from T reasuries of service postage stamps for sums below one rupee.
20	Pol. 1081 ...	26	First Asst. to the Hon'ble the Resdt.	Forwards for transmission to the Accountant-General, Madras, a statement of stamps supplied to the Hon'ble the Resident's Treasury and of the spoilt stamps returned by the officer in charge of that Treasury during March 1916.
21	Fl 5631—S R 1-15-5 ...	29	Excise Comr. ...	With reference to his recommendation that the unutilised portion of two days out of the privilege leave granted to Mr. D. Sreenivasiengar, Assistant to the Excise Commissioner, with permission to affix Christmas holidays thereto may be cancelled, points out that the combination of privilege leave with holidays as has been done is not authorised by Art. 140 which allows only prefixing or affixing of leave, that the period of leave utilised by Mr. Sreenivasiengar will therefore amount to fifteen days and not six days as calculated by him and requests that steps may be taken to get the leave extended for the requisite period.
22	Fl 5634-5—S R 12-15-37	29	Comptr., and Ex. Comr.	Sanctions the purchase of six copies of Regulation I of 1915, published in the *Gazette of India* at a cost of Rs. 3-13-0.
23	Fl 5636-7—S R 12-15-36	29	Do ...	Sanctions the purchase of a teakwood almirah for the preservation and safe custody of the records in the District Excise Office, Kadur.
24	Fl 5638—S R 149-15-4 ...	29	Excise Comr. ...	In the matter of the suspension for a period of three months of B. S. Subba Rao, Office Sub-Inspector of Kallurkatte Range, for disobedience of orders, observes that, under the circumstances reported, the punishment seems to be a bit severe and that, if the Excise Commissioner agrees with this view, it may be reduced to six weeks' suspension.

SECTION 2- COURTS

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR APRIL 1916.

Serial No	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	Pol 1003—Cts 223-15 5 .	4	The Fiist Assistant to the Hon'ble Resident in Mysore	States that is now reported that the date of disposal of the case against Suiannasetti is 16th June 1915, and that there was no delay and adds that needful action is being taken.
2	J 3971-2- Cts 128-14-11 .	6	The Dy Comr, Bangalore Dt, and the Comptr. to Govt.	States that the Comptroller will depute a qualified auditor of his office to audit the accounts of the estate of the minor heir to the late R B. Gubbi Thotadappa, relating to the period when the estate was being administered by the executors and forwards a copy of the report to the Government, intimating also the amount that may fairly be recovered from the estate on account of audit fee.
3	J 4001-2—Cts 261-15-2 ...	6	The Dy. Comr., Mysore Dt, and the Compti to Govt.	Sanctions a bill for Rs 18-1-6, being the amount of fee and costs due to Mr. B A. Krishnamachai, Public Prosecutor, Mysore Division, for having taken execution proceedings for the recovery of the institution fee of Rs 660, due to Government in Original Suit No 3 of 1911-12, on the file of the District Judge, Mysore.
4	J 4017—Cts 198-15-2 ...	7	The Regtr, Chief Court of Mysore.	Declines the confirmation of Mr. M. L Shama Gowda as Deputy Registrar, as it is in opposition to the rules which require that a person should pass, among others, the Local Service Registration Examination before he can be qualified for the Deputy Registrar's Post and that he should put in two years' service in the post before he can be confirmed in it.
5	Pol 1020—Cts 268-15-2.	8	The First Assistant to the Hon'ble Resident in Mysore.	Requests the issue of an extradition warrant to the District Magistrate of Anantapur for the surrender of one convict Yellagadu who is reported to be under remand in the Sub-Jail of Tadpatri.

Serial No.	Proceedings: Number	Proceedings: Date	Proceedings: To whom sent	Subject and Order
6	J 4067—Cts 204-15-2 ...	12	The Regtr., Chief Court.	Rejects the memorial of Venkata praying for the remission of the sentence of death passed on him in Bangalore Sessions Case No. 2 of 1915-16.
7	J 4068—Cts 227-15-2 ...	12	Do ...	Rejects the memorial of Ganga praying for the remission of the sentence of death passed on him in Kolar Sessions Case No. 5 of 1915-16.
8	J 4071-2—Cts 247-15-3 ...	13	The Regtr., Chief Court., and the Dy. Comr., Shimoga Dt.	With reference to subject No. 308 of the proceedings of the Mysore Representative Assembly of 1915 and the reply of Government thereto in the matter of establishing a Munsiff's Court at Shikarpur or of transferring some hoblis of the Shikarpur Taluk, from the jurisdiction of the Munsiff's Court at Sagar to that of the Munsiff's Court at Shimoga, states that Government consider that there are not sufficient grounds for making any change.
9	J 4083-4—Cts 254-15-3 ...	14	The Dt. Magte., Chitaldrug Dt., and Comptr. to Govt.	Sanctions one bill of the Public Prosecutor, Shimoga Division, for Rs. 25 (twenty-five only) and his five other bills for an aggregate sum of Rs. 160 (one hundred and sixty only) for having appeared before the Sessions Judge, Shimoga Division, the former in Criminal Case No. 37 of 1914-15 to obtain sanction to prosecute one Chenniah for perjury, and the latter in Criminal Miscellaneous Nos. 14 to 18 of 1915-16, to obtain sanction to prosecute Phakeerappa and four others for perjury.
10	J 4085-6—Cts 271-15-2 ...	14	The Dy. Comr., Kadur Dt., and the Comptr. to Govt.	In the matter of an advance made in November 1905 for executing the decree passed by the Munsiff of Chikballapur in O. S. No. 303 of 1901-02 on his file, granting to Government a sum of Rs. 42 on account of institution fee, in the case, state that, as the amount recovered has been finally credited to Government, the advance cannot be adjusted and that it may, however, be written off the accounts.
11	J 4087-8—Cts 128-15-8 ...	14	The Regtr., Chief Court of Mysore and the Comptr. to Govt.	Sanctions the journeys of the Registrar, Chief Court of Mysore, to go to Madras at least twice during the ensuing summer recess in order to hasten the preparation and arrangement of the proofs of the Digest of the Mysore Law and Chief Court Reports.
12	J 4114-5—Cts 207-15-4 ...	15	The Dt. Magte., Bangalore Dt., and the Comptr. to Govt.	Sanctions the purchase, from the Survey Department, of a Bangalore Taluk map at a cost of Rs. 1-8-0 (out of his office contingencies) for reference in Criminal Case No. 700 of 1914-15 on the file of the City Magistrate, Bangalore.
13	J 4116-7—Cts 251-15-3 ...	15	The Regtr., Ch. Court of Mysore. and the Comptr. to Govt.	Sanctions the purchase of an almirah at a cost of Rs. 42 and a record rack at a cost of Rs. 45 for the use of the First Munsiff's Court, Tumkur, the aggregate cost thereof, *viz.*, Rs. 87, being met from the contingent allotment made to that Court for the current year.
14	J 4118-9—Cts 250-15-2 ...	15	Do ...	Sanctions the purchase of a Remington Standard Typewriter, No. 10 visible carriage A (Foolscap) at the concession rate of Rs. 324 for the use of the Mysore District Judge's Court, the cost being met partly out of the contingent amount allotted to the District Court, Mysore, and partly out of the sums reserved by the District Judge from the contingent grants made to the Subordinate Judge's Court, Mysore, and the Process Nazaraths in his division and states
